

Human Subjects Review Board (HSRB) Screening Questions

Student Name: _____

Proposal Title: _____

If your Odyssey project involves interacting with people, regardless of the Odyssey category, please answer the following three questions. If you say yes to any of these, you should look at the handouts available on the HSRB website: www.hendrix.edu/hsrb. If it is determined that your project **does** need HSRB review, then you must wait for approval before you can begin the project. You can turn in your Odyssey proposal and be considered for funding prior to approval.

1. For your proposed Odyssey Experience, are you conducting research on human subjects?
 - a. Will you be systematic in your approach and ask similar things of the people you interact with?
____ Yes ____ No
 - b. Will you attempt to generalize your results to a broad group and speak broadly about people's experience when you present your work? ____ Yes ____ No
2. Do you intend to either present your project off-campus (in a setting other than an undergraduate conference) or publish your project? ____ Yes ____ No

If you answered "No" to all of the above questions, your project does NOT need HSRB review. If you answered "Yes" to #1 (a. or b.) and #2 please answer #3.

3. Does your project pose more emotional, physical, legal, social, or financial risk to participants than everyday life?
____ Yes ____ No

If you answered "Yes" to #3, you must submit an HSRB proposal for full-board review. If you answered "No", please answer #4.

4. Does your project qualify for exempt review status? Definitions for exempt review status can be found on the HSRB website or through the link at the bottom of this document.
____ Yes ____ No

If you answered "Yes" to #4, you must submit a self-determination form to the Human Subjects Review Board. YOU MUST PRINT AND INCLUDE YOUR COMPLETED SELF-DETERMINATION FORM WITH YOUR ODYSSEY PROPOSAL. If you answered "No", you must submit an HSRB proposal for expedited review.
