1. Upon completion of the philosophy major, students will know the central ideas of some major figures in the history of philosophy. This will educate them regarding the ideas, values, and philosophical perspectives that shape our civilization, and to a significant degree, provide the context in which the front-line debates of our time occur.

2. Upon completion of the philosophy major, students will have investigated the traditional philosophical areas of metaphysics, epistemology, ethics, and/or social & political thought. They will understand how these issues stand behind concerns or interests they may have in science and religion, or regarding social issues from abortion to economic justice, or simply in pursuing the nature and meaning of a well-lived life
3. Upon completion of the philosophy major, students will be able to read critically, which involves careful analysis, critical reasoning, responsible evaluation, and creative thinking.
4. Upon completion of the philosophy major, students will be able to express their ideas, arguments and reasoning orally and in written form.
