

Departmental and Program Assessment Annual Assessment Plan Report

Academic Year: 2012-2013

Academic Unit: Spanish

Chair: Jose Vilahomat

Student Assessment Plan (SAP) – Your department, program or general education component does not have a SAP on file with our office. Next year this must be completed and your unit should consider this your only action plan for next year. (If you have completed this during the current year, you will need to come up with a new action plan for next year...)

1. Is there a current assessment plan for your department, program, or general education component? Current implies that this SAP is used by the department. It does not have to be rewritten unless your assessment plan has changed. It should be on the web at <http://www.hendrix.edu/academics/academics.aspx?id=7264>.

yes no *This is a final deadline and must be completed by the end of next year.*

2. Does the current SAP include student learning goals? Departmental/programmatic/general education component student learning goals should be able to stand alone as a list without pages of explanatory commentary.

yes no *This is a final deadline and must be completed by the end of next year.*

3. Does your SAP include a list of assessment data collected yearly? Assessment data lists should be able to stand alone without pages of explanatory commentary. Additionally, collected data should be of enough value to the department that it is read yearly. If not, it is probably not of sufficient use to collect.

yes no *This is a final deadline and must be completed by the end of next year.*

4. Are student learning goals available to students on the web on the departmental/programmatic page(s)?

yes no *This is a final deadline and must be completed by the end of next year.*

5. Are student learning goals, appropriate for each course, included in the course syllabi in your department or program?

yes no *This is a final deadline and must be completed by the end of next year.*

6. Does your SAP include direct assessments? “Direct” refers to evaluated student work.

yes no *This is a final deadline and must be completed by the end of next year.*

In general this includes randomly saved quizzes, exams, papers, electronic outgoing feedbacks of students presentations, record of comprehensive exams for majors, and other evidence that reflect students’ having reached the goals for the course.

7. Describe which indirect assessments in your assessment plan have been collected for the year and which have not. "Indirect" refers to student surveys, interviews, or opinions.

yes no *This is a final deadline and must be completed by the end of next year.*

Each course does student evaluations that are used in assessing the effectiveness, from a student perspective, of the course, and its goals.
