### Human Chess

A cool twist on a classic game – you are the pieces! Come to the brick pit to be a part of the match.

### Hip-Hop Dance Class – Get in Formation!

Okay AGS Let's Get in Formation! Hip-hop is for everyone and no matter what your experience is with dance, you can move your body! Come to the Trieshmann Dance Studio with your dancing shoes, and let's have a great time while learning a dance to Beyonce's "Formation."

### Classic Movie Wednesday

They'll never go out of style! Every Wednesday we'll be screening a different classic movie in Worsham. They're oldies, but they're goodies! Discussion to follow.

### Yoga (Tuesday, Wednesday, Thursday, Friday)

A class for all levels of yoga students, including beginners, who want to explore a variety of yoga postures and breathing techniques; instructions are given to modify postures for more advanced levels of practice -- a great way to get moving in the morning! Bring a yoga mat or towel to stand on; we have a few extra mats, but not enough for everyone.

### Dejeuner Français

Pop in to speak French during lunch. All levels welcome!

### Going to a Concert

Kenneth Grigg will discuss aesthetics, music, concert etiquette, what to expect at a good performance, how to enjoy a performance as fully as possible, active participation as an audience member, the relationship between performer and audience, and various other things. Mr. Grigg hopes to hear frequently from the audience, take as many questions as possible, and perhaps talk about other things which arise as the audience listens, asks questions, and responds. He will perform a piano concert for the AGS audience later that evening.

### Figure Drawing Group

There will be three sessions of informal figure drawing instruction and practice designed for non-art students, faculty, and staff. We will work from direct observation of a draped model.

### Karate Basics

Are you the next Karate Kid? Join Nick Brasovan in Worsham every week to learn the basics!

### Exploring Gender from Past to Present

Gender has a long, storied history throughout the world and its many cultures. This seminar will serve as a brief overview of gender, what it is, its varied forms throughout history, and how we see it today.

### Walking a Labyrinth

Learn about the ancient and modern practice of meditative walking on a spiral pathway. Dr. Scranton will give a brief presentation on different styles of labyrinths and how to "walk" meditatively. The group will adjourn to Hendrix College's labyrinth and practice walking a meditative path.

### Learning to Latin Dance!

Bring your dancing shoes to this beginner level class to learn how to Latin dance (salsa, bachata, merengue, and more!), no experience required! Final performance in student talent show.

### Co-Ed Flag Football

All the fun of football without the worry of serious injury! Come out to the WAC fields for good-natured competition in the sun!

### Spades

Find a partner or come as a free agent to compete in the most competitive card game at AGS! Be there or be square.

### International Student Social

Hendrix International Students from countries such as Rwanda, Korea, Bangladesh, and the Netherlands will be in the back of the SLTC to meet AGS students. Come visit with them and get to know them. Then, come to their presentations on issues in their home countries during Week 6!

### Philanthropy in a Deeper Shade of Green

The planet is becoming increasingly urbanized—even "slumified"—and, at the same time, our natural environment is undergoing severe, human-induced, stress. Come learn about a new non-profit organization that attempts to respond to these twin concerns in an innovative way.

### Graffitiing Identity: A Look into the Modern Migration World and Street Art

Come and learn about the ways (im)migrants have evolved cultural, social, economic, and political institutions. The computer lab monitor will be discussing her research on German Turk migrants and street art photography in Berlin. Visual elements and an introduction into transnational migration will be included.

### Student Softball Practice

If you signed up for the student softball team, come practice together at the softball field!

### Morphing Music into Art: CREATE!

Students will listen to movements from Carloff's "Carmina Burana," and create artistic masterpieces using pastels and chalk on paper.

### Igor Stravinsky's *The Firebird*

A showing of the Royal Ballet's production of Igor Stravinsky's ballet "The Firebird," filmed live at Covent Garden.

### How to Achieve Immortality: The Biology of Aging

For as long as people have been dying, there have been people fighting to avoid what may not be inevitable. Find out where scientists currently stand on the disease of aging.

### Casino Night

Think you can win big at AGS? Come try your luck with cards, craps, blackjack, and poker. The games will be dealt by your favorite faculty and staff. Special "AGS money" will be distributed.

### Bioblitz

A Bioblitz is an exhaustive sampling method in which all organisms within a given place and time are sampled. This is done with large numbers of individuals and often requires a concerted effort between scientists and public volunteers. Come participate in an AGS Bioblitz and sample stuff with Kelly Taylor and Kacey Hight! If you plan to participate, it is highly recommended that you wear tennis shoes.

### Dodgeball Tournament

Dodge, duck, dip, dive, and dodge! Get your troops together into teams and register during lunch for the epic showdown. As dodgeball-great Patches O'Houlihan would say, "If you can dodge a wrench, you can dodge a ball!" Sign-ups on SLTC Sun Porch on Thursday.

### Card and Board Games

Some games never die. Bring your friends and come show your love for the old classics in the Burrow.

### Open Mic Night 2

Share your writing, music, stand-up comedy, or random thoughts in a comfortable setting. The material must be appropriate – if you are curious about the appropriateness of your material, please see Marissa in the AGS Office ahead of time. Sign-ups will be on the SLTC Sun Porch at lunchtime.

### Euro 2016 Final

Come watch the final game to decide the soccer champions of Europe!

### Indoor Soccer

The WORLD's favorite pastime, but inside! Cleats not necessary – passion required!

### Drone Flying Demonstration

Join AGS faculty member Gerry Gibson and your fellow AGS students and watch their tricks with a drone!

### AGS Community Choir Rehearsal

Choral group open to all AGS students, faculty, and staff. We will be singing fun and interesting music in a relaxed setting. If you can sing, we want you!

### Movie

Join us in Worsham for a movie night! This week's category – SUPERHEROES!
