Chess Tournament (sign-ups)

Back by popular demand – the 2nd AGS 2014 Chess Tournament! But this time, standard rules apply. Make sure to sign up on the SLTC Sunporch during lunch so that you can be placed in the bracket. See Madison in the AGS office if you have any questions.

Indoor Soccer

The most popular sport under the sun... under a roof.

Knitting for Noggins

Help make a difference in the lives of the patients and families of Arkansas Children's Hospital. Knit or crochet hats for children of all ages. No advanced skill necessary! Patterns, needles, hooks, and yarn provided, but feel free to bring your own! You can also drop by and pick up materials, work on a project on your own time, and drop finished hats off to Madison's desk in the AGS Office anytime!

Tommy Robinson: The Politician as Rascal and Folk Hero

From chaining prisoners to guard towers to pushing high profile murder cases and placing deputies in liquor stores with shotguns and defying federal judges and the whole Arkansas political elite, Tommy Robinson kept the Arkansas political world on pins and needles for the better part of a decade. Come hear the story of the man who long struck fear into powers such as Bill Clinton, and fell far and fast.

Tracing the Roots of Political Theatre: From Brecht and Boal to Rev. Billy

What do a German Marxist director, a Brazilian political prisoner, and an American street performer have in common? Trace the historical roots of political theatre, and create a little of your own political theatre in the process.

Take Action: Dreams for the Future Session 3

What are your values? How does what you value impact your dreams? How do your values correlate to societal values? Come join the Girl Scout journey as we take this next step to discuss what is most important to us individually.

Workshop Wednesday: Monday Edition

Want to flex your writing muscles? Join John and Jessica for a weekly creative writing session where you'll have an opportunity to participate in workshops for poetry and prose. We'll supply the prompts, and then you get to share your original work. These workshops will culminate in a final slam session.

A Different Perspective on Comics

Once considered books exclusively for children, comics now have become the medium that defines entertainment and redefines what we consider literature. Come learn more about the many ways in which comics have become such an important way to tell stories.

Math Movie Monday - Hunting the Hidden Dimension

The third installment of Math Movie Monday features <u>Hunting the Hidden Dimension</u>, a BBC documentary focusing on fractal geometry and its applications in the real world and nature.

Second Temple Judaism and the History of Christian Origins - Part 2

This lecture will examine the words of Jesus of Nazareth in light of Second Temple Judaism's basic ideas. By placing Jesus's teachings in their historical context we can arrive at an understanding of his meaning.

AGS Community Choir Rehearsal

Choral group open to all AGS students, faculty and staff. We will be singing fun and interesting music in a relaxed setting. If you can sing, we want you!

Karaoke Night

Come to Worsham to belt out your favorite song for your fellow students! Sign-ups start at 6:45 PM, so come a little early if you want to perform.

Mindfulness Experience

Introduction to stress management based upon mindfulness meditation to manage stress emotionally and physically.

Yoga (Tuesday, Wednesday, Thursday, Friday)

A class for all levels of yoga students, including beginners, who want to explore a variety of yoga postures and breathing techniques; instructions are given to modify postures for more advanced levels of practice -- a great way to get moving in the morning! Bring a yoga mat or towel to stand on; we have a few extra mats, but not enough for everyone.

Spades Tournament (sign-ups)

If you participated in the last spades tournament, come by to find out more information.

Newcomers are also welcome!

The Last Line of Defense: A Liberal Education

Paul Greenberg is an American syndicated columnist and author. He currently serves as the editorial page editor of the Arkansas Democrat-Gazette. His articles appear in various newspapers through Services syndicate. He won the annual Pulitzer Prize for Editorial Writing recognizing his 1968 work for the Pine Bluff Commercial. He will discuss the benefits and importance of a liberal arts education.

Page Turners

Come curl up with a book and friends in the Burrow. We'll have different, fun weekly readings with interesting discussions led by staff and faculty. Bring your own ideas for reading materials as well.

Water Balloon Battleship

Heave water balloons at the opposing team to sink their players! Meet in the center of campus to cool off and enjoy some good laughs on a giant scale.

Meet Rwandan Students

Seventeen Rwandan students who have been selected to attended college in the U.S. are studying English at Hendrix this summer. They have prepared posters about life as a teenager in Rwanda, and would like to have conversations with AGS students about life as a teenager in the U.S. Show up at Mills to be divided into small groups for conversations. Groups will rotate among the Rwandan students as time allows.

Worms on Drugs: How a Tiny Nematode Can Make Us Better Patients

Tim Lindblum, professor of biology at Lyon College, studies the impact of chemicals in food, drugs, and the environment on our metabolism. One organism, a tiny soil nematode, has already contributed significant information to our understanding of human biology

Social Science: The Heart of the Science of Psychology

While the discipline of psychology strives for the empirical study of the mind and behavior, many psychologists are also driven by the additional goals of decreasing human suffering and promoting human values of equality and justice. This talk will explore the intersection of science and social justice, with a specific focus on the issues of veteran mental health, discrimination of sexual minorities, and health care in urban slums.

Bioblitz Series: Intro to Birdwatching

Learn to identify birds! We will focus on good birding techniques and species found on Hendrix campus. This is the first talk in a series leading up to a campus bioblitz in which we will ID all the species we can.

Peek Into Drama!

Watch selections from students' scene work on ten minute plays, hear a bit about acting technique, and participate in a few acting exercises. This presentation will be a peek into what we've done in drama so far.

Natural State Brass Band

In existence since 2003, the Natural State Brass Band is composed of 30 central Arkansas musicians, most of whom do not have professional careers in music. The Band has performed all across the state of Arkansas as well as regionally. In 2010, it held a performance tour in England. It was named the North American Brass Band Association Champion in 2009. You are sure to enjoy this annual performance at AGS.

Volleyball Tournament Sign ups

Sign your team up for the weekend volleyball tournament! See Chuck in the SLTC Sun Porch with your team name and players!

Ask the Governor

AETN (Arkansas Public Television) will be taping the quarterly episode of "Arkansans Ask: Governor Beebe". Students should be seated in Staples at 3:10 PM. Please come directly to Staples and sit in your assigned areas. You are encouraged to ask Governor Beebe questions.

Arkansas Shakespeare Theatre: Pippin

The Broadway smash hit *Pippin* is coming to central Arkansas! This winner of the 2013 Tony for "Best Musical Revival" is the story of a young man (who happens to be the son of the great King Charlemagne) and his journey to find where he belongs in the world, his "Corner of the Sky." With a cast of colorful characters, lively dancing, soulful tunes from Stephen Schwartz (*Wicked*), and direction and choreography by North Little Rocknative Jeremy Williams, this musical will have you mesmerized from beginning to end.

What are the Implications of Technology?

Technology is all around us from microwaves to cellphones. When we think of inventing, we usually think of it as a one-way activity, that is, from humans to technology. It ends up that humans and their inventions actually create one another. The story of how humans make things is well known. What this talk will highlight is how technology influences humans. It will also describe the consequences of cellphones, the internet, and nanotechnology on our culture, our environment, and on our bodies. You might not look at your cellphone the same way again.
