### Knitting for Noggings

Help make a difference in the lives of the patients and families of Arkansas Children's Hospital. Knit or crochet hats for children of all ages. Patterns, needles, hooks, and yarn provided, but feel free to bring your own! You can also drop by and pick up materials, work on a project on your own time, and drop finished hats in the AGS Office anytime!

### Flag Football

All the fun of Football without the worry of serious injury! Come out to the WAC fields for good-natured competition in the sun!

### Student Variety Show Auditions

All students who signed up to audition need to arrive in the Trieschmann lobby at 4:10.

### Deconstructing the Death Penalty

A critical analysis of capital punishment.

### The Theory of Relativity

We will introduce both special and general relativity and their implications for time dilation, length contraction, and the curvature of spacetime.

### College Fair

College representatives from across the region will be in Worsham from 5:00 to 7:00pm. Students are encouraged to come meet with them, ask questions, and get a head start on the search for the right college.

### Advertising in America: Then and Now

We will discuss how the rhetoric of advertising has influenced American history, and how "selling" the nation, its land, and its people continues today.

### Math Movie Monday: *Freakonomics* (Part 2)

The fifth installment of Math Movie Monday features the thrilling conclusion of *Freakonomics: The Movie*, a documentary that looks at human behavior through the prism of economics and statistics.

### College Athletics and Scholarships: What You Need to Know

Many athletes dream of playing college athletics, but how many know how to get a scholarship to do so? Come find out the true story of athletic scholarships, and what you can do to play college athletics.

### Zumba!

Are you ready to party yourself into shape? That's exactly what the Zumba® program is all about. It's an exhilarating, effective, easy-to-follow, Latin-inspired, calorie-burning dance fitness-party™ that's moving millions of people toward joy and health. Led by AGS Student Liaison Courtney Beal, this afternoon activity is not one to miss.

### Mindfulness Experience

Introduction to stress management based upon mindfulness meditation to manage stress emotionally and physically.

### Swampbird Concert

Swampbird is a folk-rock four piece out of Little Rock, AR. The band formed in the Fall of 2010 when they started playing house shows around their college campus. Since then they've moved on to some of the South's premier venues, released 2013's highly regarded album *On Being Alone*, and have grown their fan base all along the way. They are preparing to release a new EP in the fall of 2014 as they continue to take their high-energy performances to different venues throughout the country.

### Yoga (Tuesday, Wednesday, Thursday, Friday)

A class for all levels of yoga students, including beginners, who want to explore a variety of yoga postures and breathing techniques; instructions are given to modify postures for more advanced levels of practice -- a great way to get moving in the morning! Bring a yoga mat or towel to stand on; we have a few extra mats, but not enough for everyone.

### Clinton Library

"Art and Urban Renewal" session using the artistic components of the Center's outside recent urban re-development (Chihuly Reids, CPC Bridge, and the wetlands sculptures along President Clinton Ave.) Through this program, students will be introduced to the power of public art to catalyze urban revitalization and renewal.

### Volleyball

We've set the nets up and are ready for sets, slams, spikes, and serves! Come out and enjoy some fast paced action!

### Page Turners

Come to the Burrow to start our new discussions on *Catcher in the Rye* and *Persepolis*.

### Lucky Dube: African King of Reggae

Interactive discussion about the music of the legendary reggae artist of South Africa, Lucky Dube.

### Bioblitz Series: Intro to Insects

Learn to identify insects! We will focus on identifying insects to order on sight, good capture techniques and some species found on Hendrix campus. This is the third talk in a series leading up to a campus bioblitz in which we will ID all the species we can.

### Workshop Wednesday

Want to flex your writing muscles? Join John and Jessica for a weekly creative writing session where you'll have an opportunity to participate in workshops for poetry and prose. We'll supply the prompts, and then you get to share your original work. These workshops will culminate in a final slam session. Email John or Jessica by Tuesday at PitchfordJAGS@hendrix.edu and AndrewsJAGS@hendrix.edu to submit your work of any genre for this week's workshop.

### Gödel's Incompleteness Theorems and the Limitations of Mathematics

Mathematics is often considered an infallible and objective discipline, but Gödel's Incompleteness Theorems suggest otherwise. This session will provide brief sketches of the proofs of Gödel's theorems, as well as a discussion of the implications of his work.

### Open Studio

Take a sneak peek at the works in progress that the Visual Arts students will present in their final show.

### The Matrix

A computer hacker learns from mysterious rebels about the true nature of his reality and his role in the war against its controllers.

### AGS Indie Music Club

If you're passionate about music (particularly independent music), this club is for you. Come armed with a song title or MP3 player and be ready to listen. We will share music, talk about music, and learn new music.

### Trivia Night

Bring your own team or come solo to be a part of one of the biggest competitions around. It's trivia time.

### The Great Area II Debate

Which is more important to America's future: the Humanities or STEM? Area II faculty debate the merits of liberal arts education and the sciences in the context of America's future.

### The Basics of Writing Music: A Workshop (Part 4)

A hands on introduction of music composition.

### To Infinity... And Beyond?

What does it mean to have an infinite set? Can we compare different infinities? What does it even mean to talk about different infinities?

### Vocal Coaching Session

Coaching vocal solos with a discussion of technique and dramatic interpretation.

### The Last Survivor

A character-based, feature-length documentary that explores the idea of genocide in the 21st century. Following the lives of survivors of four different genocides and mass atrocities - The Holocaust, Rwanda, Darfur, and Congo - the film presents the stories of survivors and their struggle to make sense of the tragedy by working to educate, motivate and promulgate a civic response to mass atrocity crimes. Offering real world examples of survivors who have become powerful agents of change, The Last Survivor presents a unique opportunity to learn from the lessons and mistakes of our past in order to have lasting social impact on how we act collectively in the face of similar issues today.

### Lunch with Lyle

Join the Director of AGS for lunch in the Campbell Dining Room (to the right as you enter the main seating area) to ask questions and participate in discussion regarding AGS and other relevant topics. Seating is limited. Feel free to come and go as your schedule allows.

### 3v3 Basketball

Tired of running up and down the full court? Want to play as many games as possible in an hour? Then come join us at the WAC for some fun competition and maximized buckets!

### Memento Mix... Curating the Classic Mixtape

Before Pandora and Spotify, there was an art and craft to constructing the mixtape - a physical object and a narrative playlist all in one. This talk presents a personal process of making mixes, and invites others to share their creations.

### Over the Line: A Debate on International Borders

Elrod vs. Elrod on the nature, reality, and relevance of international boundaries and the viability of the nation-state in an age of globalization.

### Bioblitz Series: Intro to Plants

Learn some of the characteristics used to identify plants! We will focus on details about plants that are commonly used to ID species using guide books, and we will explore some species found on Hendrix campus. This is the last talk in a series leading up to a campus bioblitz in which we will ID all the species we can.

### "The Four Elements" - Composition Recital

A presentation of "The Four Elements" in recital form, and - if time permits - other original music.

### Second Temple Judaism and the History of Christian Origins - Part 4

We will examine how the role of Saul of Tarsus in the origins of the Christian movement. Did Paul invent Christianity? We will examine this within the context of Second Temple Judaism.

#### Logic Puzzles: Thinking Outside the Box

Experience a variety of word and number problems as we discuss potential solutions and ways of applying these thinking skills to life situations. We'll start with some simple sequences and work our way up to the highly controversial "Monty Hall (Let's Make a Deal) Problem." Bring some paper and a pencil. Oh, yeah... and an eraser!

#### Student Variety Show

Come watch your fellow students showcase their special talents in the 2014 AGS Student Variety Show!

#### Bioblitz!

This activity runs all day long, and participants are encouraged to work in groups to identify as many species as possible around campus. Photographs of organisms are encouraged, so that we may continue to work at identifying organisms throughout the final week. Check your residence hall for further information as it becomes available.

#### Pickleball

Do you like playing tennis? Come to the WAC Rec gym to play pickleball in the AC! It's like if ping pong and tennis had a baby!

#### World Cup 3<sup>rd</sup> Place Game

Come watch the World Cup 3<sup>rd</sup> place game on the big screen in Worsham!

#### Student Softball Practice

If you signed up for the student softball team. Come practice together at the WAC.

#### Medical Ethics in Literature Reading Group

Come to the discussion having done a close reading of the material and bring a copy with you, marking a particular passage that stood out to you. This week's story will be available for pick up at the SLTC Sun Porch during lunch on Tuesday. For more information or for a copy of the reading, contact Tara at [taraelizabethflanagan@gmail.com](mailto:taraelizabethflanagan@gmail.com)

#### Joey Williams Magician

Joey is an award-winning magician as well as an AGS alum! Check out his talent and see if you can find the mystery behind his illusions. You may end up becoming part of the show. Question and answer session to follow.

#### Casino Night

Think you can win big at AGS? Come try your luck with cards, craps, blackjack, and poker. The games will be dealt by your favorite faculty and staff.

#### World Cup Final

Come watch the World Cup Final in Worsham! Showing it on the big screen!

#### Foreign Film Series – *A la folie... pas du tout*

The next film in our Foreign Film Series is *À la folie... pas du tout*, or *He Loves Me, He Loves Me Not*. It is a 2002 French psychological drama film directed by Laetitia Colombani. The film focuses on a Fine Arts student, played by Audrey Tautou, and a married cardiologist, played by Samuel Le Bihan, with whom she is dangerously obsessed.

#### Sweet Mother Concert

Sweet Mother consists of four talented musicians who play classic rock and originals. Individually they are constantly on call to play with other musicians, together they gel into a single unit. Their style is eclectic, exciting and fun. Sweet Mother--the Best Band in the Orion Spur.

#### Indoor Soccer

The most popular sport under the sun... under a roof.
