BRACKEN DARRELL '85

Under Bracken Darrell's ten years of leadership as president and CEO, Logitech has reinvented itself into an award-winning design company, an industry force in pursuing a more sustainable and equitable world, and a top performer on the SIX Swiss stock exchange and NASDAQ.

Darrell is a proponent of design and the liberal arts in business, especially of their role in innovating product experiences for consumers. As a result, Logitech has been the recipient of numerous awards, including more than 200 design awards over the past three years from the likes of iF Design, Red Dot and Fast Company, and numerous sustainability awards.

Darrell himself has been named Swiss CEO of the year by Obermatt three times in the past four years and received the 2022 Edison Achievement Award.

Darrell brings to Logitech nearly thirty years of experience in product, people, and brand management through design. He has worked around the world on iconic brands like Old Spice, Gillette and Braun, of which he was president. He has spent time at P&G, Arthur Anderson, PepsiCo, GE and Whirlpool.

Since 2018, Darrell has been on the board of Dean Advisors of the Harvard Business School and the Board of Directors of Life Biosciences. He holds an M.B.A. from Harvard Business School and a B.A. in English from Hendrix College.

W. ELLIS ARNOLD III '79

W. Ellis Arnold III was elected the 12th President of Hendrix College by the Hendrix Board of Trustees in November 2019. A 1979 Hendrix graduate, Arnold received his Juris Doctor from the University of Arkansas at Little Rock William H. Bowen School of Law. He practiced law in Little Rock from 1982 until his return to Hendrix in 1990 to serve as Vice President for Development and College Relations and lead the College's church relations, communications, fundraising, and marketing, in addition to serving as General Counsel. In November 1996, Arnold was named President of Lambuth University in Jackson, Tennessee. He later served as President and Head of School of Pulaski Academy in Little Rock, Arkansas, from 2004 until 2008, when he returned to Hendrix.

Arnold served the College as Acting President on two occasions, in addition to his role as Senior Executive Vice President, Dean of Advancement, and General Counsel. Under his leadership, Hendrix announced a 32 percent tuition reset, developed the Life Launch summer program for high school students, and successfully completed a \$150 million campaign, which significantly increased the College's endowment and helped renovate historic Martin and Veasey Halls.

He is married to Kim Speak Arnold '82, and they have two daughters: Laura Arnold Montgomery, Rhodes College Class of '07, and Dr. Grace Arnold, Hendrix College Class of '13. The Hendrix College Board of Trustees has bestowed the honor of *President Emeritus* upon Arnold following his retirement in June.
