

Martin Hall Renovation Project

Mabee Challenge Donor Recognition

Donor recognition is now available for a newly-renovated Martin Hall, providing alumni a chance to remember their time in Martin or to honor/memorialize loved ones and friends. Friend and family groups, as well as individuals, may reserve a space in support of this critical renovation project. A renovated Martin Hall, in the heart of our campus, is an important tool for recruiting prospective students to the residential liberal arts tradition here at Hendrix. The legacy of Martin and the Martin Men will be continued as a vital part of the Hendrix community.

In April 2021 Hendrix announced a \$2 million challenge grant from the Mabee Foundation. To complete the Mabee Challenge, these spaces for donor recognition must be reserved by a pledged commitment received no later than **April 13, 2022**. Pledges are payable by **December 31, 2023**.
