I. Procedures for reporting crimes and other emergencies

The College encourages anyone who is the victim or witness to any crime, or who witnesses suspicious behavior, to promptly report the incident to Hendrix Public Safety by calling 501-450-7711 or visiting the Public Safety office. These methods should also be used to promptly report other types of emergencies to Public Safety for inquiry and investigation.

Members of the community are also encouraged to promptly report crimes to the Conway Police Department when the victim of a crime elects to or is unable to make a report. This can be done by calling 911, or 501-450-6120 for non-emergencies. Tips can be called in anonymously at 501-450-4135, or tips can be texted anonymously by sending a text to CRIMES (274637) using Keyword “CONWAY” at beginning of the message.

Students who are victims of a crime and do not want to pursue action within the College conduct system or the criminal justice system are encouraged to make a confidential report to the Dean of Students Office (SLTC 209, 501-450-1222) or a counselor in Hendrix College Counseling Services (501-450-1448). Students who choose this confidential option maintain the right to report the incident to Hendrix Public Safety or Conway Police in the future. If and when they deem appropriate, Hendrix counselors encourage students they are counseling to report crimes on a voluntary, confidential basis for inclusion in the Clery report.

Timely Warning Notice: In the event that a situation arises, either on or off campus, that, in the judgment of the Office of Public Safety and/or Dean of Students Office, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. The warning will be issued through the Hendrix College email system to students, faculty, and staff and, if circumstances warrant, through the H-Alert system. Victims of crimes — including sexual misconduct — should be aware that College administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to members of the campus community. Hendrix College will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

Report Crimes to:
Hendrix College Office of Public Safety, 1600 Washington Ave., (501) 450-7711
David Bugh, Director of Public Safety
Hendrix College Dean of Students Office, 1600 Washington Ave., (501) 450-1222
Jim Wiltgen, Dean of Students
Michael LeBlanc, Assistant Dean of Students
II. Policies concerning the security of campus facilities

Hendrix College is private property, and the use of the campus facilities is designated for Hendrix College students, faculty, administration, and staff. The campus is open for guests and persons conducting business with Hendrix College as long as those guests comply with College policies and expectations. Residence Hall facilities are open only to members of the Hendrix College community and their guests (in accordance with policies outlined in the student handbook). The residential facilities are locked and accessible only by campus ID cards or issued keys.

III. Law Enforcement Policies

Enforcement Authority of Security Personnel: Campus Public Safety officers are non-sworn security officers. All Hendrix College employees have the authority to ask persons for identification and to determine whether individuals have business at Hendrix College.

Working Relationship with Local Police: Hendrix College shares information about crimes with the Conway City Police Department. Hendrix College also requests information about crimes that are reported directly to the Police Department for the campus and adjoining properties.

Arrest Authority of Security Personnel: Hendrix College Public Safety Officers do not have arrest authority.

Policies and Procedures Encouraging Accurate and Prompt Reporting of all Crimes: Hendrix College encourages all community members to report crimes promptly to either the Office of Public Safety or the Conway Police Department.

IV. Emergency Response and Evacuation Procedures

1. Notification:
In the event of the confirmation of a significant emergency or dangerous threat to the health or safety of the campus community, Hendrix College will contact the campus community through the H-Alert text message system. All students, faculty, and staff members are automatically enrolled in H-Alert as long as they have provided the institution with a cell phone number. Campus members can contact the HelpDesk if they have any questions about their enrollment in the system. Community members can “opt out” of the program but are discouraged from doing so because of its use as the campus emergency notification system. Because the H-Alert has limited character capability, an email may follow the initial text message with additional details as necessary. Community members who encounter an emergency or dangerous situation are encouraged to contact Public Safety (501-450-7711) immediately.

2. The Institutional Emergency Process:
   a. Hendrix College will work swiftly to confirm that there is a significant emergency. The Office of Public Safety will investigate the report to confirm the situation and activate the notification system and the crisis communications team. In the event of a weather emergency, the Public Safety office will be notified by state weather officials that an emergency exists and will send the alert to the campus. All campus members should contact Public Safety if they encounter a dangerous situation.
   b. Once confirmed, the crisis communications team will determine which portion of the campus community is affected by the emergency and alert that segment of the population. In most cases, the alert will be sent to the entire community.
c. The crisis communications team will work with the Office of Public Safety to determine what information will be contained in the text message. The alert may just provide information, but may also provide specific directions to shelter or to stay away from a particular space on campus.

After confirmation of a significant emergency or dangerous situation, Hendrix College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

3. **Campus Emergency Response Team:**
   - The Office of Public Safety (David Bugh, Director of Public Safety)
   - The Dean of Students Office (Jim Wiltgen, Dean of Students; Michael LeBlanc, Assistant Dean of Students)
   - The Crisis Communications Team (Rob O’Connor, Amy Forbus)
   - Facilities Management (Sharron Russell)

In the event of a specific emergency related to the following areas, the Campus Emergency Response Team includes:
   - Medical Officer (Position Vacant; Necie Reed Conway Regional Health System until filled)
   - Technology Officer (Sam Nichols)
   - Food Services (Dawn Hearne)
   - Shelter and Evacuation (Jim Wiltgen)
   - Hazardous Materials (Shelly Bradley)
   - Trauma Support (Mary Anne Seibert)
   - Legal Officer (Outside Consultant)
   - Engineering Officer (Sharron Russell)

4. **Providing Emergency Information to the Larger Community:**
   Parents and guardians are welcome to sign up for H-Alert information through the campus web portal. The Hendrix Public Safety office will work with other law enforcement agencies in the city and state as appropriate. The Crisis Communications Team will work with local information agencies to disseminate information that is appropriate for the larger community.

5. **Testing the Emergency Response and Evacuation Procedures:**
   a. Hendrix College conducts tests of the H-Alert system on an annual basis during the first month of classes. At its discretion, the College we may choose to conduct subsequent tests as needed. Evacuation drills of the residence halls are scheduled and conducted each semester by the Office of Public Safety in cooperation with the Residence Life Staff. Evacuation routes are posted in each facility. The Emergency Response Team will also conduct exercises each year and participate in community emergency response exercises. The Emergency Response Team will meet regularly to review testing, materials, and drills.
   b. Hendrix College will publicize its procedures and testing processes to the campus community each year through the email system and in Hendrix Today.
   c. Hendrix College will track each emergency test, which will include a description of the exercise, date of the test, timing of test (start to finish), category of the test (announced or unannounced), and will keep this information on file for seven years. H-Alert testing will be tracked by the Office of Communications and other evacuation drills will be tracked by Public Safety.

V. **Policies Concerning Pastoral and Professional Counselors**
If a student elects to report a crime to a College chaplain or counselor, those persons will act following their obligations set forth by their professional confidentiality agreements. Counselors and Chaplains will be asked to report any
confidential crime information to the Dean of Students or the Office of Public Safety for inclusion in annual crime statistics; however, they are not obligated to provide such information.

VI: Campus Safety Programs and Procedures

**Types of Programs:** The College employs residence hall floor meetings to review safety expectations; emergency weather drills; Emergency Response Team tabletop exercises; Fire Evacuation Drills; Safe Spring Break programs; and safe ride programs. Each November, members of the campus community are invited to participate in a lighting/safety review of campus. Community members are encouraged to notify Public Safety, Facilities, or the Dean’s Office if they encounter a public safety concern on campus grounds. The Dean of Students meets monthly with Student Senate to discuss any safety concerns.

**Frequency of Programs:** The text alert system (H-Alert) is tested at the beginning of the academic year. New emergency procedures posters are distributed and posted across campus each year. Floor meetings are held at the beginning of each semester and periodically throughout the year as needed. Weather and Fire drills are completed each semester in each residential building. Break Safety programs are held during the days before a specific break.

VII: Programs to Inform Students and Employees about Crime Prevention

Residence Life staff and Public Safety staff work together on campus safety programs. Students are informed about basic safety information during their orientation process. General safety information is included in the student and employee handbooks. The Director of Public Safety also sends out email advisory notifications to the community members when crimes are committed near the proximity of the campus.

The office of Public Safety will send out periodic reminders to the community about basic safety procedures, especially reminding students to lock doors and to use the buddy system when walking on campus. The office of Public Safety also provides a free program to help students with basic car safety before major college breaks.

When time is of the essence, information is released to the Hendrix College community through the H-Alert text alerts system and followed with additional information via the campus email system. All students, faculty, and staff are automatically enrolled in H-Alert.

VIII: Policy Concerning Monitoring and recording off-campus criminal activity through Local Police

The Director of Campus Public Safety has a liaison contact with the Conway Police Department, Maj. Clay Smith, to share information and to gather additional information about relevant crimes. Hendrix will work with the local police when concerns are brought to our attention that affects the campus or our community.

IX: College Alcohol Policies

**Note:** The information presented in this section of the Handbook is intended to meet the provisions of the Student Right to Know and Campus Security Act (1990), the Drug-Free Schools and Communities Act (1989), and the Higher Education Amendments (1992). Through its programs and procedures, the Hendrix Alcohol and Other Drug Policy seeks to accomplish the following objectives:

- To promote a campus climate that encourages individuals to cultivate and exhibit mature, responsible, and lawful conduct relative to the possession and use of alcohol;

- To encourage compliance with the laws of Faulkner County and the State of Arkansas regarding
the possession, use, and sale of alcohol and other drugs;

• To influence the social climate and expectations of the campus in ways that promote a positive, safe, and balanced social environment;

• To provide educational programming that informs students of the potential dangers of alcohol and other drug abuse and promotes responsibility and moderation relative to alcohol use; and

• To implement appropriate conduct mechanisms and sanctions for individuals who violate the standards set forth by the Policy.

The educational mission and the high standards of Hendrix require that the campus be free of all illegal drugs. Further, Hendrix College prohibits the unlawful possession, use of, or distribution of drugs, including alcohol, by students and employees on Hendrix property or at any College-sponsored activity. See further information in the Hendrix College Policies section of this handbook.

Where it may be effective, Hendrix College prefers a policy of developmental discipline and rehabilitative education, as opposed to mandatory punishment. The developmental nature of the Hendrix College community raises the expectation that assistance will be offered to any member who is suffering from the abuse of any substance. This help may be in the form of educational programs, on-campus counseling, or off-campus counseling referrals. Hendrix College will terminate its relationship with students or employees who persist in their use of illegal drugs or their unlawful possession of any substance, including alcohol. Violators of federal, state, and local laws related to illegal alcohol and drug use will be referred to the proper authorities for prosecution.

Hendrix College does not encourage the use of alcoholic beverages. The display or consumption of alcohol is prohibited in all areas except apartments in Hendrix College-contracted housing, and in other campus locations where events are approved, on a case-by-case basis, by the Office of Student Affairs. Student events are alcohol-free unless otherwise designated. (Guidelines for such events are available at www.hendrix.edu/studentlife.)

Students of Hendrix College and their on-and off-campus guests who choose to possess and/or consume alcoholic beverages are expected to abide by the laws regarding alcohol in Faulkner County and the State of Arkansas. In matters relating to alcohol, Hendrix students will be held accountable for their actions and those of their guests. Irresponsible behavior resulting from the consumption of alcohol is not tolerated. Being under the influence of alcohol may affect sanctions for violating any College policy. Students not in compliance with the Hendrix College alcohol policy will be required to dispose of all alcoholic beverages in their possession or the alcohol will be confiscated and disposed of by a professional staff member or a Public Safety officer.

Amnesty Policy: The Hendrix College community discourages abuse or overconsumption of alcohol and the use of other illegal drugs. Abuse of these substances can create health emergencies for consumers. Sometimes, friends or bystanders are hesitant to report the health concern to College officials because they fear that they could be accused of policy violations, such as underage drinking, at the time of the incident. It is in the best interest of this community that health emergencies always be reported promptly to College officials. To encourage reporting, Hendrix College pursues a policy of offering amnesty from minor policy violations to those who report health emergencies related to the incident.

ALCOHOL POLICY VIOLATIONS
Alcohol violations are designated as either minor or major based on the criteria stated in the Handbook. Though the designation assigned to each complaint involving a policy violation is based on the particulars of the complaint, some general categories of major and minor alcohol violations may be identified. These categories would include, but not be limited to, the following:
- possession of alcohol in traditional residence halls (Martin, Hardin, Couch, Galloway, Veasey, Raney, Arkansas, Conway Corp, and Market Square South)
- public consumption
- public intoxication
- possession by a minor
- serving to minors
- over possession as defined by Hendrix College. Per person, this includes but is not limited to: quantities over one case (30 – 12 oz. containers) of beer/malt beverage OR two (1L) bottles of wine OR one (1L) bottle of spirits/hard liquor, OR a reasonable combination of these types, kegs (whether full or empty,) and other common serving containers, etc.
- serving to individuals already intoxicated
- driving under the influence and driving while intoxicated either on or off campus
- intoxication leading to harm to self or others
- intoxication leading to property damage, disruption to the community, or other violations of Hendrix College Policy
- manufacturing alcohol (without prior written permission for academic purposes)

In the absence of clear mitigating circumstances (resident away for the evening, etc.), all residents of the Hendrix room or apartment in which a major Alcohol Policy violation occurs will be charged with the violation.

**Sanctions for Alcohol and Controlled Substance Policy Violations**

It is the intention of the College to create a policy that is effective in addressing drug and alcohol violations. The policy also should be consistent and clear to students. For the policy to be most effective, it should include elements that help to deter future violations but also support the educational goals of the institution. Additionally, the policy should allow students to come forward to assist friends in need without penalty.

**Points Based Sanction System for Controlled Substance and Alcohol Violations:**

The Points Based Sanction System (PBSS) establishes a 10-point system for alcohol and controlled substance sanctions. Points are assigned to each type of violation and are set in a standardized format. This change does not alter the process for student rights. Students still have a right to be charged in writing for policy violations and they have the right to a hearing to address such charges. The points are applied only when a student accepts responsibility or is found responsible for their actions. In addition to holding students accountable for their actions, the system is set to reward positive behavior and offers students three potential ways to reduce their point totals through action.

The system also offers points amnesty from the controlled substance or alcohol-related violations to students who step forward to get medical assistance for themselves or others. While students who have consumed alcohol or controlled substances receive 0 points because they sought help for themselves, or others sought help for them, they still receive a conduct charge.

There are additional sanctions for students who continue to accumulate points. Students who have repeat violations in the same semester receive an extra point for subsequent violations.

Students who accumulate 6 points or more are placed on conduct probation and are not permitted to apply for or study abroad, or to live off campus.

Any student who reaches 10 points will be required to take a medical leave of absence to address their Alcohol/Drug issues.

Point Forgiveness
Students are able to reduce their point total with the following actions. All reductions will be applied at the completion of the semester.

| A | For each complete semester where a student is not responsible for a violation of these policies, the student’s cumulative points will be reduced by ONE POINT. Any sanctions due that semester would have to be completed before the point reduction is applied. |
| B | Students have a one-time opportunity to complete an alcohol/controlled substance education course through the North American Learning Institute and reduce their points by ONE POINT. |
| C | Students who successfully engage in counseling by completing an alcohol/drug assessment and recommended treatment plan will have their cumulative points reduced by ONE POINT. |

Students are eligible to reduce their points by a maximum of 2 points per semester. Students may only use options B and C one time each during their time at Hendrix. Students are not permitted to “bank” points. 0 is the lowest level of points.

Students who successfully return from a required leave under this policy will receive forgiveness of 5 points for that action.

Alcohol Policy Review
An Alcohol Policy Review Committee will meet at least once a year to assess the effectiveness of the policy, enforcement, and educational programs associated with alcohol use at Hendrix. The Student Senate, Student Life Committee, and the Vice President for Student Affairs will determine the composition of this committee.

Alcohol and the Law
The information that follows is provided to promote increased awareness among Hendrix students of state and county laws governing alcohol use. It is intended to be neither a restatement of law nor a summary of all the laws relating to alcoholic beverages. For a full listing of Arkansas laws and penalties, please see [www.arkansas.gov](http://www.arkansas.gov). In Conway and Arkansas, it is illegal:

- To knowingly or unknowingly sell, give, procure, or otherwise furnish alcoholic beverages to any person under 21 years of age.

Alcohol Education Programs

Residence Hall Council Programming: As part of their application process, students applying for candidacy in Residence Hall Council elections are required to attend an informational meeting dealing with the alcohol and other drug education programming requirements for which they will be responsible as members of their Residence Hall Council. Student Affairs staff and current Residence Hall Council members from each hall will conduct this meeting. Within two weeks of their election in the spring, the President and one other selected member from each newly elected Residence Hall Council will meet as a group with the Dean of Students or his or her designee(s) to plan the Hall Council alcohol education and other drug programs to be presented to hall residents in the upcoming fall semester. During the spring semester, these Hall Council members will complete an alcohol and other drugs education-training program provided by Student Affairs staff members.

In the fall semester, within two weeks of their arrival on campus, members of each Hall Council will be responsible for conducting alcohol and other drug education and awareness programs for new students in their residence hall. The first program is to be completed prior to the first weekend after the first day of classes; the second program is to be presented within the following week. A third session will be conducted for new students near the end of the fall semester. Hall Councils will be encouraged to work in collaboration with each other and the residence hall staff in planning these three programs for new students. The programs will focus on issues pertaining to alcohol and other drug use and its consequences, specifically addressing negative effects on grades, health risks, the law, and personal liability issues. It is expected that upper-class students, as peers having faced similar challenges as new students, will be effective in communicating information about alcohol use to new students. Upper-class students will be educated about the Alcohol and Other Drugs Policy, laws regarding alcohol and other drug policy enforcement, and resources for assistance at the first residence hall meeting to be scheduled within the first three weeks of the fall semester. Hall Councils will inform upper-class students about the purpose of the educational programs for new students. Upper-class students will be encouraged to cooperate in this program by supporting these efforts.

Other Education and Awareness Programs: Other alcohol and drug education and awareness programs sponsored by residence halls, student organizations, and Student Affairs offices will be conducted during New Student Orientation and each semester for students living in residence halls. Specific training programs regarding alcohol and other drug and substance abuse will be incorporated into workshops for Orientation Leaders and Resident Assistants. Substance-free programs and activities developed by students and staff will be implemented throughout the academic year.

Assistance for Students: Hendrix College is committed to providing students with factual information about alcohol and other drugs, as well as confidential referrals to qualified counseling and treatment professionals in Central
Arkansas. Students who have a history of alcohol or other drug abuse or problems with drinking or who are concerned about their consumption of alcohol and/or other drugs should contact a professional staff member in the Office of Student Affairs for further information and assistance.

X. College Drug Policies

Controlled Substances
The use, possession, or distribution of narcotics or illegal non-prescribed drugs such as marijuana, LSD, cocaine, etc., and related drug paraphernalia is strictly prohibited on the campus and in College residences. The unauthorized use, possession, or sale of drugs sometimes prescribed for medicinal purposes (i.e., amphetamines, barbiturates, and tranquilizers) will not be tolerated at any time. In matters relating to the Controlled Substances Policy, students of Hendrix College will be responsible for their own actions and the actions of their on-campus and off-campus guests.

Sanctions for Alcohol and Controlled Substance Policy Violations
It is the intention of the College to create a policy that is effective in addressing drug and alcohol violations. The policy also should be consistent and clear to students. For the policy to be most effective, it should include elements that help to deter future violations but also support the educational goals of the institution. Additionally, the policy should allow students to come forward to assist friends in need without penalty.

Points Based Sanction System for Controlled Substance and Alcohol Violations:
The Points Based Sanction System (PBSS) establishes a 10-point system for alcohol and controlled substance sanctions. Points are assigned to each type of violation and are set in a standardized format. This change does not alter the process for student rights. Students still have a right to be charged in writing for policy violations and they have the right to a hearing to address such charges. The points are applied only when a student accepts responsibility or is found responsible for their actions.

In addition to holding students accountable for their actions, the system is also set to reward positive behavior and offers students three potential ways to reduce their point totals through action.

The system also offers points amnesty from controlled substances or alcohol-related violations to students who step forward to get medical assistance for themselves or others. While students who have consumed alcohol or controlled substances receive 0 points because they sought help for themselves, or others sought help for them, they still receive a conduct charge.

There are additional sanctions for students who continue to accumulate points. Students who have repeat violations in the same semester receive an extra point for subsequent violations.

Students who are at 6 points or more are placed on conduct probation and are not permitted to apply for or study abroad, or to live off-campus.

Any student who reaches 10 points will be required to take a medical leave of absence to address their Alcohol/Drug issues.

### Additional Points

The following points may be assigned in association with alcohol/drug use as part of the conduct process if the student is found responsible for the charge. If these violations are not associated with a drug/alcohol violation, they will be assessed through the regular hearing process. Only 1 additional point may be assessed for a single incident.

Controlled Substances and the Law

It is unlawful for any person to manufacture, deliver, or possess with intent to manufacture and deliver a controlled substance. For a full listing of Arkansas laws and penalties, please see www.arkansas.gov.

Substance Use Health Risks

The general health risks associated with the use of illegal drugs can be divided into two categories: drug use that can destroy a healthy mind and body by outright organic damage, mental illness, malnutrition, and failure to get treatment of injuries or diseases; and drug use that generally reduces the body’s natural immune system and increases the chances for infectious diseases such as hepatitis and AIDS. Drug overdose may cause psychosis, convulsions, coma, or death.

Specific health problems associated with the following drugs:
• **Amphetamines**: heart problems, malnutrition, possible death, psychological and physical dependence, hallucinations;

• **Cocaine**: convulsions, coma, death, destruction of nasal membranes, physical dependence, depression, hallucinations, confusion, lesions on the lungs;

• **Depressants** (Barbiturates, Tranquilizers, Methaqualone): confusion and loss of coordination, physical and psychological intolerance, coma or death, problems when taken with alcohol;

• **Marijuana and Hashish**: confusion and loss of coordination, psychological dependence, lung damage;

• **Hallucinogens** (LSD, PCP DMT STP, MDA, Designer Drugs): hallucinations and panic, birth defects, convulsions, coma, death; and

• **Narcotics** (Heroin, Morphine, Codeine, Opium): lethargy and loss of judgment, physical and psychological dependence, convulsions, coma, death, malnutrition, infection, hepatitis.

### XI: Description of Drug or Alcohol Abuse Education Programs

**Assistance for Students:** Hendrix College is committed to providing students with factual information about alcohol and other drugs, as well as confidential referrals to qualified counseling and treatment professionals in Central Arkansas. Students who have a history of alcohol or other drug abuse or problems with drinking or who are concerned about their consumption of alcohol and/or other drugs should contact a professional staff member in the Office of Student Affairs for further information and assistance.

**Other Education and Awareness Programs:** Other alcohol and drug education and awareness programs sponsored by residence halls, student organizations, and Student Affairs offices will be conducted during New Student Orientation and each semester for students living in residence halls. Specific training programs regarding alcohol and other drug and substance abuse will be incorporated into workshops for Orientation Leaders and Resident Assistants. Substance-free programs and activities developed by students and staff will be implemented throughout the academic year. Each Residence Hall government is responsible for presenting one alcohol education program.

**Alcohol and Drug Education Programs:** As part of their application process, students applying for candidacy in Residence Hall Council elections are required to attend an informational meeting dealing with the alcohol and other drug education programming requirements for which they will be responsible as members of their Residence Hall Council. Student Affairs staff and current Residence Hall Council members from each hall will conduct this meeting. Within two weeks of their election in the spring, the President and one other selected member from each newly elected Residence Hall Council will meet as a group with the Dean of Students or his or her designee(s) to plan the Hall Council alcohol education and other drug programs to be presented to hall residents in the upcoming fall semester.

During the spring semester, these Hall Council members will complete an alcohol and other drugs education-training program provided by Student Affairs staff members.

### XII: Victim Notification

The complainant has the right to be informed of the conduct outcome immediately following the decision of the hearing board if the complainant is the victim of a violent crime or non-forcible sex offense. In all other cases, only the accused student will be notified within two working days of the decision of the hearing board. If the victim is deceased as a result of the violation, the Dean of Students Office will provide the results of the conduct hearing to the victim’s next of kin, if so requested in writing.
XIII: Missing Student Policy

If you are concerned about a potential missing student, please contact the Hendrix Office of Public Safety immediately at 501-450-7711. If a student is reported potentially missing to you, then you must report this information to Hendrix Public Safety immediately. Public Safety will work with Student Affairs to make contact with the missing student and to identify his/her most recent contact points on campus (card access, meals, class attendance, etc.).

If we are unable to make contact with the missing student within a reasonable timeframe (up to 24 hours from notification), Hendrix College will notify the designated emergency contact and Conway Police Department within 24 hours of the determination that the student is missing.

All students may designate an emergency contact person. On-campus students complete an emergency contact form when they check into their housing assignment. Off-campus students are encouraged to contact the Residence Life Office to complete an emergency contact form. Students residing on campus have the option to designate a confidential emergency contact person for missing person investigations only. A student’s confidential contact information will be accessible only to authorized campus officials and law enforcement in the course of the missing person investigation. If the student did not designate a confidential emergency contact for missing person cases, then the general emergency contact persons will be contacted. If the student is under 18 and not emancipated, then the custodial parent or guardian will be contacted in addition to any other emergency contacts listed.

XV: Policies and Procedures for Gender-Based Misconduct Violations

Policy Prohibiting Gender-Based Misconduct

Hendrix College strives to maintain an environment free from discrimination and harassment, where members of our community treat each other with respect, dignity, and courtesy. The College adheres to the principles of equal educational and employment opportunity without regard to age, race, color, gender, disability, religion, sexual orientation, gender identity or expression, genetic information, or national origin. Accordingly, all acts of discrimination, harassment, retaliation, and sexual misconduct as defined by this policy are prohibited. The Hendrix College Policy Prohibiting Gender-Based Misconduct has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated.

I. Policy

All members of the College community are expected to conduct themselves in a manner that does not infringe upon the rights of others. This policy is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated. Upon notice of gender-based discrimination or sexual misconduct as described by this policy, appropriate measures will be taken to end the conduct, remedy the effects on individuals and the Hendrix community, and prevent recurrence.

The expectations of our College community regarding sexual misconduct can be summarized as follows: In order for individuals to engage in sexual activity of any type with each other, there must be clear, knowing, and voluntary consent prior to and during sexual activity. Consent is permission. Consent can be given by word or demonstrated by action, however non-verbal consent is not as clear as talking about what you want sexually and what you don’t want. Consent to some form of sexual activity cannot be automatically taken as consent to any other form of sexual activity. Previous consent or a sexual or intimate relationship does not imply consent to sexual activity in the future. Silence or passivity -- without actions demonstrating permission -- cannot be assumed to show consent. Consent can be withdrawn at any time. There must be a clear indication that consent is being withdrawn.

Alcohol or other drug use can place the capacity to consent in question. A person will be considered unable to give consent if they are incapacitated, meaning they cannot fully understand the details of a sexual interaction (who, what, when, where, why, or how) because they lack the capacity to reasonably understand the situation. Anything but a clear, knowing and voluntary consent to any sexual activity is equivalent to a “no.”

The College encourages any individual who has been subject to discrimination or sexual misconduct to report the incident(s) directly to Dr. Allison Vetter (SLTC 150), Title IX Investigator and Education Coordinator or to Shawn Goicoechea (1545 Washington Ave), Title IX Coordinator. A conversation with a Title IX official does not require an individual proceed with conduct charges or the process outlined below. The College is committed to the preservation of the rights of both the complainant and the respondent (See Rights & Responsibilities), however the determination as to whether to proceed with conduct charges against an individual ultimately lies with the College.

In order for the College to respond effectively and to proactively stop instances of discrimination, harassment, retaliation, and sexual misconduct within the College community, all faculty, adjunct instructors, and administrative staff including coaches, are required to notify the Title IX Coordinator, Investigator or Deputies immediately after receiving information regarding a potential violation of this policy. These individuals are encouraged to explain their reporting obligations prior to receiving any information that is subject to mandatory reporting. Only employees who are statutorily prohibited from disclosing such information (Student Counseling and Health Services staff, Campus Chaplain, and support staff such as frontline dining services and facilities staff) are exempt from these reporting requirements.

Faculty/Staff Relationships with Students:

There are inherent risks in any romantic or sexual relationship between individuals in unequal positions (such as teacher
and student, supervisor and employee). These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to a romantic or sexual involvement, this past consent may not remove grounds for a later charge of a violation of this policy. The College does not wish to interfere with private choices regarding personal relationships when these relationships do not interfere with the goals and policies of the College. For the personal protection of members of this community, relationships in which power differentials are inherent (faculty-student, staff-student) are strongly discouraged.

Consensual romantic or sexual relationships in which one party maintains a direct supervisory or evaluative role over the other party are unethical. Therefore, persons with direct supervisory or evaluative responsibilities who are involved in such relationships must bring those relationships to the attention of their supervisor at the outset and will likely result in the removal of the employee from the supervisory or evaluative responsibilities or make changes to prevent an individual from being supervised or evaluated by someone with whom they have established a consensual relationship. Failure to self-report such relationships to a supervisor as required is a violation of this policy and may result in disciplinary action for an employee. Employees are cautioned that in many circumstances an imbalance of power, perceived or real, may occur in employee-student relationships. In such cases, consent is not an acceptable defense against an allegation of non-consensual sexual relationships.

**Jurisdiction**

Title IX protects the Hendrix community from sexual discrimination, harassment, and misconduct in connection with all academic, educational, extracurricular, athletic, and other college programs, whether those programs take place on college property, in college transportation, during college-sanctioned trips, at a class or training program sponsored by the college at another location, online, or elsewhere. This policy also applies, regardless of where the alleged sexual discrimination, harassment, and misconduct occurred, if the conduct impacts the college environment for the college’s academic, educational, athletic, or extracurricular programs or activities. However, the college does not have disciplinary authority over third parties who are not students or employees of the college. Also, while there is no geographical limitation to the jurisdiction of this policy, conduct that is alleged to have occurred outside college property may be more difficult to investigate.

Alleged sexual discrimination, harassment, and misconduct will first be considered under the Policy Prohibiting Gender-based Misconduct.

If the respondent is a student, but the complainant is a Hendrix faculty or staff member, then in most instances the case will be processed through this policy.

If the complainant is a student, but the accused is a Hendrix faculty or staff member, the case will be processed by Human Resources in accordance with the employee handbook.

If the complainant is not a member of the Hendrix community, but the respondent is a Hendrix student, the case will be processed through this policy, with the College serving as the complainant.

The Policy Prohibiting Gender-based Misconduct does not have jurisdiction over non-Hendrix community members. However, the Title IX office will assist students in filing complaints with the appropriate officials. Allegations of misconduct that do not fall under this policy will be forwarded to the Dean of Student’s office to be evaluated under the student handbook.

**Attempted Violations.** In most circumstances, Hendrix College will treat attempts to commit any of the violations listed in the Policy Prohibiting Gender-Based Misconduct as violations of the policy.

**Standard of Proof.** The standard of proof for determining responsibility for alleged violations of the Policy Prohibiting
Gender-based Misconduct will be the preponderance of evidence. When considering a complaint, the Panel will determine if the information gathered and evidence presented establishes that it is more likely than not the respondent(s) committed the violation.

**False Reporting.** Hendrix College will not tolerate intentional false reporting of incidents. It is a violation of the Policy Prohibiting Gender-based Misconduct to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws. A panel finding of not responsible is strictly a statement that a panel did not determine an alleged policy violation met the preponderance of the evidence and is not automatic grounds for a claim that a report was intentionally false. Any report determined to have been made in good faith will not be subject to false reporting sanctions.

**Group Action.** When members of groups, individuals acting collusively, or members of an organization act in concert in violation of any policy, they may be held accountable as a group, and an investigation and panel deliberation may proceed against the group as joint accused students and/or the organization itself. Charges proceeding against a group do not preclude any individual from facing charges or sanctions as an individual.

**Retaliation.** Retaliation against an individual for reporting an allegation, for supporting a reporting party or for assisting in providing information relevant to an allegation is a violation of the Policy Prohibiting Gender-Based Misconduct and is subject to the full range of sanctions as any other policy violation. Retaliation can occur in-person or online by any member of the Hendrix Community (including a witness, complainant, reporting party, or respondent) or a third party. Acts of alleged retaliation should be reported immediately to the Title IX Coordinator, Title IX Investigator, or any Title IX Deputy. Alleged violations of retaliation may be investigated along with the underlying complaint of sexual misconduct, or separately, at the discretion of the Title IX Coordinator. Retaliation is defined as any materially adverse action taken against a person participating in a protected activity because of their participation in that protected activity.

**Amnesty Policy.** The Hendrix College community encourages the reporting of both violations of this policy and criminal activity. Sometimes, complainants or those who witness allegations of misconduct may be hesitant to report to college officials because they fear they themselves may be accused of policy violations, such as underage drinking. It is in the best interests of this community that as many individuals as possible choose to report to College officials. To encourage reporting, the College pursues a policy of offering complainants, their witnesses, and witnesses presented by the respondent, from minor policy violations related to the incident.

**III. Reporting and Investigation Procedures**

Any member of the community who believes they have experienced discrimination or misconduct that violates Hendrix College Policy Prohibiting Gender-Based Misconduct should report that conduct to the Title IX Investigator, Title IX Coordinator, or Title IX Deputies listed in this policy. Reports of discrimination or misconduct will be investigated in a manner that is prompt, thorough, equitable, impartial and fair to all parties involved.

**A. Initial report and notification of allegations:** In order to provide sensitive personal information to as few people as possible during the reporting phase it is recommended that students report incidents of gender-based misconduct or discrimination directly to the Title IX Investigator and Education Coordinator (Allison Vetter, vetter@hendrix.edu, SLTC 150) or Title IX Coordinator (Shawn Goicoechea, goicoechea@hendrix.edu, 1545 Washington Ave) to reduce the number of times they must recount their allegations. You may also email title9@hendrix.edu to report gender-based misconduct.

The Title IX Administrator who receives the initial report will review the information collected with the Title IX Coordinator and determine if a policy violation is alleged to have occurred. The wishes of the Complainant will be considered before proceeding with a formal investigation and conduct process, however it is ultimately the discretion of the Title IX Coordinator as to whether or not the College will proceed. The College may determine, when considering the safety of the community that it is necessary to proceed against the wishes or without the participation of the
complainant. In the event the alleged misconduct is not a violation of the Policy Prohibiting Gender-Based Misconduct, the Complainant will maintain their access to support services and/or Interim measures as appropriate.

Both the Complainant and Respondent will have the opportunity to have an initial meeting with the Title IX Investigator to discuss the investigative process, request interim measures, learn about support resources, and otherwise ask questions of the Title IX representative without providing a statement for the investigation. The Complainant and Respondent have the right to an advisor of their choice at the initial meeting and thereafter (See Rights & Responsibilities).

If either party elects to provide a statement about the alleged incident during the initial meeting that statement will be recorded. Statements may also be submitted in writing. In general, any information provided about the alleged incident to a College employee not listed as a confidential resource may be included in the investigative packet.

After initial interviews with the Complainant and Respondent, the Investigator will work with appropriate College officials to enact any interim measures deemed reasonable and necessary, assist students in accessing support resources as needed, and determine if a formal investigation will proceed.

B. Interim Measures: Unless circumstances dictate otherwise, the Investigator will promptly issue a “no contact” directive to all parties upon notice of any sexual assault complaint. In all cases, the college may implement any necessary interim measures, deemed appropriate and reasonably available, regardless of whether a complaint has been filed or whether an investigation has commenced. Interim Measures may include, but are not limited to:

- Issuing no contact directives
- Providing counseling services.
- Providing academic support services.
- Rescheduling class work, assignments, and examinations.
- Changing class schedules.
- Providing an escort to ensure that an individual can move safely between classes, work, and/or activities.
- Changing work arrangements or location.
- Arranging for the complainant to take an incomplete in a class.
- Reassigning on-campus housing.
- Dissolving a campus housing contract and offering a prorated refund.
- Providing alternative course completion options.
- Permitting a temporary withdrawal from the university.

Violations of Interim Measures by either party are considered to be violations of the Policy Prohibiting Gender-Based Misconduct. Failure to abide by interim measures is a violation of this policy (irrespective of whether the underlying complaint of sexual conduct is substantiated) and is subject to the full range of sanctions as any other policy violation. Any person who believes interim measures are being violated should report the alleged violation in the same manner for reporting sexual misconduct. Alleged violations of interim measures may be investigated along with the underlying complaint of sexual misconduct, or separately, at the discretion of the Title IX Coordinator.

C. Informal Resolution: If so desired, and the College determines that it is appropriate, a complainant and respondent may both agree to enter into a process of informal resolution mediated by the Title IX Investigator. The ability to enter into an informal resolution is at the discretion of the Title IX Coordinator and may not be appropriate for more severe charges such as non-consensual sexual intercourse. Informal resolutions may result in sanctions, excluding suspension or expulsion. Parties electing to pursue an informal resolution will forfeit their right to pursue the formal investigative process.

D. Investigation Procedures: An initial investigative report and evidence packet will be compiled by the investigator. This will include relevant evidence including the statements of complainants and respondents, witness interviews, and
material evidence or information submitted by either party (e.g. text messages, social media posts, images, etc.). The investigator will review the initial investigative report and evidence packet to determine which policy(ies) if any, has been/are alleged to have been violated. In the event the investigator determines the alleged conduct, if true, represents a policy violation, a Charge Letter will be issued to both the respondent and complainant by the Title IX official investigating the case.

E. Responding to the Charge: For each charge outlined in the Charge Letter, Respondents will have four (4) calendar days to enter a statement of Responsible, Not Responsible, or No Contest.

   **Responsible Statements**
   If the student in question accepts responsibility in a gender-based misconduct case, the student will provide a statement for the Gender-Based Misconduct Panel to determine an appropriate sanction. By accepting responsibility, the student in question is waiving their right to appeal any procedural matters or on the basis of newly discovered evidence. Respondents may accept responsibility for charges at any time during the process. At such time, all available information, along with final statements from either party, will be submitted to the panel for determining sanctions.

   **Not Responsible Statements**
   If the responding student does not accept responsibility the investigation will proceed and a Gender-Based Misconduct Panel may be convened. From this point on the student in question is assumed not-responsible concerning the charges which have been leveled against them.

   **No Contest Statements**
   If a student is facing possible suspension or expulsion, the student may be eligible to provide a statement of No Contest. Allowing a No Contest Statement is at the discretion of the Title IX Coordinator. Students who enter a Statement of No Contest accept the sanctions issued to them without contesting the conduct charge(s). If a student enters a Statement of No Contest the student waives their right to appeal based on any procedural matters or on the basis of newly discovered evidence. Conduct violations for which a student enters a Statement of No Contest will appear on that student’s conduct record.

F. Response to Initial Investigative Report & Evidence Packet, and Cross-Examination: Both parties will be provided access to the initial report and evidence packet for review. Complainants and Respondents will have four calendar days to review the initial evidence packet and submit additional information, including witnesses and documents or additional statements to the investigator.

Complainants and Respondents may also submit questions they would like to be asked of any of the involved parties. The investigator will review questions for relevance and notify the submitting party if any questions are deemed not relevant. Questions will be administered by the investigator in a timely manner and responses will be transcribed. Investigators may ask follow-up questions of their own as they see fit to ensure thoroughness. Responses will be added to the Final Investigative Packet which will be provided to all parties for review.

The Initial Evidence Packet will also include the names of panelists who will be assigned to review the case. Complainants and Respondents have one (1) calendar day to request the recusal of panelists for good cause such as bias or conflict of interest. Requests must be submitted in writing to the investigator or Title IX Coordinator and include a rationale. Both parties will be notified of any panel changes and provided at least 1 calendar day from notification of changes to contest the new panel composition. Each party may only challenge the panel (any members) once, if the change is granted that party may not challenge the new selection.

G. Final Investigative Packet and Final Statements: Once the period for submitting evidence has ended, the information will be compiled and a Final Investigative Packet will be provided to the complainant, respondent and panelists.
At this time no additional evidence may be submitted unless it was unknown or unavailable and could not have been known or available at the time of the submission period.

The packet will include, but is not limited to:

- Initial statements (as written or transcribed) by both parties
- Transcription of relevant information gathered via witness interviews. Information not meeting evidentiary standards will be redacted.
- Any additional statements provided by the Complainant and Respondent.
- Evidence deemed relevant by the investigator including, but not limited to: text messages, images, other communications,
- Transcription from cross-examination conducted by the investigator on behalf of the complainant and respondent.
- Investigator synthesis of relevant evidence, timeline notes (where appropriate) and credibility assessments.

Upon delivery of the Final Investigative Packet, the complainant and respondent will have two (2) calendar days to submit a final statement. Final statements will be promptly made available to the panel.

**H. Panel Composition and Deliberations:** Panel membership is limited to full-time faculty and staff of the College who have been nominated by any Title IX Administrator, or any member of the current Sanctions panel, and who have been adequately trained within 12 months of the start of panel deliberation.

Panelists will deliberate as a group, and panel deliberations will be closed to all parties. Panelists may ask questions of the assigned investigator. In the event panelists request additional information from the investigator, both parties will receive an updated packet with any new information and may be given, at the panel’s discretion, an opportunity to respond to the new information.

Panelists will determine responsibility for each charge and will base each determination on the preponderance of the evidence, whether it is more likely than not that the alleged conduct occurred and if so, whether it constituted a policy violation. Responsibility will be determined by a majority of panelists. The panel will have five (5) calendar days from receipt of Final Statements to deliberate and make a decision.

The Complainant and respondent will be notified simultaneously and in writing, within two calendar days of the panel’s decision. A decision will be stated for each charge, and any sanctions will be accompanied by a rationale.

**I. Procedural Rule for Addressing Prior Conduct Violations:** While previous conduct violations by the responding student are not generally admissible in an investigation, the Title IX Coordinator, their designee, or the Dean/Associate Dean of Students may supply previous complaint information to the panel, or may consider it if they are hearing the complaint, only if:

1) The respondent was previously found to be responsible or took responsibility;
2) The previous incident was substantially similar to the present allegation; or
3) Information indicates a pattern of behavior and substantial conformity with that pattern by the responding student.

**J. Sanctions**: The panel may impose one or more of the following sanctions for each policy violation.

**Educational Project** - Project that encourages reflection and demonstration of knowledge.

**Restriction or Revocation of Privileges** - Temporary or permanent loss of privileges including but not limited to use of a particular facility or service, visitation privileges, and parking privileges.

**Termination or Change in Residency Privileges** - A sanction that terminates or changes a student’s residency.
Conduct Registration Hold - If a student fails to complete the conditions of a sanction (e.g. College Service Hours, etc.), a Conduct Registration Hold will be placed on their Registrar’s account. With this hold in place, the student is restricted from utilizing the major functions of the Registrar Office (e.g., prohibited from participating in registration and course adjustment, requesting transcripts, and from receiving a diploma). The Panel or a Title IX Administrator will remove the hold when it has been determined that the student is working towards or has returned to compliance.

Conduct Probation - A sanction serving notice to a student that his or her behavior is in serious violation of College standards and policies. It is assigned for a specified time period. A breach of College standards or policies by a student during the probationary period may result in suspension or expulsion from the College.

Suspension - A student may be subject to mandatory separation from the College for a specified period of time. An application for readmission will be considered after the time period of the suspension has elapsed. Readmission is subject to stipulations by the panel and approval of College officials. A student who has been suspended is barred from visiting the campus unless written permission is granted by the Title IX Coordinator.

Expulsion - Expulsion is permanent dismissal from the College with no possible future readmission. A student who has been expelled is also barred from visiting the campus. Any student found responsible for violating the policy on Non-Consensual Sexual Intercourse will likely face a sanction of suspension or expulsion.

Other Appropriate Action - Sanctions not specifically described above must be approved by the Title IX Coordinator.

NOTE: Decision-makers reserve the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Students must be in good conduct standing in order to be eligible for graduation, including conferring of diploma and access to transcripts. Students will NOT be eligible for conference of a degree if a Charge Letter has been issued or an investigation has begun. An investigation may continue during school breaks as determined necessary by the Title IX Coordinator.

K. Appeal Process: Both the complainant and the respondent have a right to appeal the finding(s). A written request for appeal must be submitted to the Title IX Coordinator (Shawn Goicoechea, goicoechea@hendrix.edu) within three (3) calendar days after a panel’s decision is rendered. A request for appeal must be based on one of the following reasons:

a. New relevant information exists, that was unavailable during the original investigation and panel deliberation,

b. A material deviation from written procedures could have impacted the fairness of the panel review;

c. The sanction(s) may be grossly disproportionate to the severity of the offense.

Appeal Review. The Title IX Coordinator will, within three (3) calendar days after receiving the request for appeal, determine whether the petition meets at least one of the three grounds for an appeal. The Title IX Coordinator may:

a. deny the appeal if it does not meet one of the grounds;

b. refer the complaint back to the Panel for re-opening of deliberations.

c. Refer the complaint to a new panel for deliberations.

In the event the Title IX Coordinator is unable to process the appeal, another Title IX Deputy will process the appeal using the same guidelines. If the Title IX Coordinator or other assigned deputy is unable to provide a response to the appeal request within three days, that official will notify both parties in writing within three days of receiving the request to provide an updated timeline for determining the status of the appeal.

Appeals Procedures. If an appeal is granted and sent back to the panel, the panel will review the appeals document, any instructions or comments on the granting of appeal by the Title IX Coordinator, and any written or taped documentation regarding the original deliberation, as needed. The panel may confine their review to written or taped documentation only. However, they may speak with any student or employee involved with the investigative process for more information or clarification. The panel will respond in writing within five calendar days of receiving the
appeal from the Title IX Coordinator, unless extenuating circumstances exist, in which case the parties will be notified of the modified timeline.

**Response to the Appeal.** An appeal may be referred to the original panel or, at the discretion of the Title IX Coordinator, a new panel may be assigned the appeal. The assigned panel may take the following action:

a. Uphold their original decision.
b. Increase their original sanction.
c. Decrease their original sanction.
d. Change the finding of responsibility.

**Finality of Appeals.** Decisions made by the Title IX Coordinator and/or the panel are final.

**IV. Student Rights & Responsibilities**

Gender-based misconduct proceedings must be conducted by officials who do not have a conflict of interest or bias for or against either party. Requests for recusal of an investigator must be submitted in writing to the Title IX Coordinator. In the event the Title IX Coordinator is the individual whose recusal is being requested please submit the request to the President of the College who will assign the task of determining the merit of the recusal to an appropriate deputy for consideration.

Both complainant and respondent have the following rights:

**Confidentiality in the process.** Distribution of confidential information undermines the process of adjudicating and resolving policy violations on campus and will not be tolerated. Information provided for review by the complainant and respondent is to be accessed and used only by the respondent, complainant, their advisor, and the employees of the College assigned to adjudicate and monitor the process. Distribution of any document or other verbatim reproduction of any information provided by the College or other party in this process will result in immediate disciplinary action. Violations of confidentiality by either party are considered to be violations of the Policy Prohibiting Gender-Based Conduct. Failure to adhere to confidentiality is a violation of this policy (irrespective of whether the underlying complaint of sexual conduct is substantiated) and is subject to the full range of sanctions as any other policy violation. Any person who believes confidentiality has been violated should report the alleged violation in the same manner for reporting sexual misconduct. Alleged violations of confidentiality may be investigated along with the underlying complaint of sexual misconduct, or separately, at the discretion of the Title IX Coordinator.

**The right to one advisor of your choosing.** Students must provide the name of their Advisor to the investigator as soon as one is selected. Students may change their Advisor at any time during the process provided they notify the investigator immediately. Advisors may accompany a complainant or respondent to any meeting related to the gender-based conduct case. The advisor’s role is limited to providing support and private advice and consultation to the student who is a complainant or respondent. Advisors may not participate in examination of witnesses or presentation of materials or information to the panel members, investigator or appeals person. Advisors may review the investigative packet, but are not permitted to copy or record materials in any way. The advisor may not directly question or submit information on behalf of the advisee. The investigator will communicate directly with complainants and respondents. The advisor may assist the student in preparation of his or her complaint/response. In addition to these specific guidelines, advisors must follow the timelines and conduct procedures provided to their advisees. The identity of the Advisor will not be withheld from either party. Advisors may be asked to leave any meeting in which their conduct is unprofessional or disrespectful of College officials and if the guidelines for advisor conduct outlined here are not followed.

**Present evidence by witness.** Non-members of the Hendrix community may be interviewed or present written statements pertinent to the charges in question. If witnesses fail to respond to requests for information or reasonable attempts to conduct interviews or collect statements, the process will progress without that information. Evidence must be pertinent to the charges in question. Character witnesses are not allowed. Evidence is generally restricted to written reports and witness interviews conducted by the investigator assigned to the case. The complainant and respondent,
along with their advisors, will be granted access to all written materials in accordance with the timelines outlined in this policy.

**Submit questions for all witnesses.** Upon review of the Initial Investigative Report and Evidence Packet the Complainant and Respondent may submit questions to be asked of the opposing party and/or any witnesses. Questions must be relevant to the investigation and may not include prohibited character/sexual history questioning. It is at the discretion of the investigator as to whether questions are allowed/administered, and if questions or their responses are included in the Final Investigative Report and Evidence Packet for panel review.

**Right to Advance Notice of Panel Composition and Right to Challenge.** The complainant and respondent will receive advance notice of who will serve on the panel and will be given the right to challenge any member on the basis of actual bias or conflict of interest prior to the start of panel review and deliberation. Any challenge will be decided by the Title IX Coordinator or designee.

**Right to Know Outcome and Sanctions.** The complainant and respondent will receive the outcome and sanctions (when applicable) in writing at the same time. Notification of the outcome will be sent within two (2) calendar days of the decision of the panel. If an appeal is filed and accepted, the Complainant and Respondent will receive notice of the appeal in writing at the same time and will receive notice of the final outcome in writing at the same time. Third party reporters will not be notified regarding the outcome of a gender-based misconduct case.

If the victim is deceased as a result of the violation, the Title IX Office will provide the finding(s) to the victim’s next of kin, if so requested in writing.

**Right to Appeal.** Both the complainant and the respondent have a right to appeal an outcome. A written request for appeal must be submitted to the Title IX Coordinator within three (3) calendar days after a conduct decision is rendered. The decision rendered during the appeal is final. There is no appeal of appeals. (For more information on appeals please see the appropriate policy section.)

**Right to not participate.** Any party may choose not to participate in an investigation or appeal; however, their exercise of that option will not preclude the Title IX Coordinator or their designee, from making a determination regarding the complaint filed against the respondent. Students will be notified by the Title IX Administrator if the process is moving forward without their participation.

Parties to an investigation are expected to respond to the Title IX Administrator within a reasonable timeframe. Failing to respond will NOT stop an investigation from proceeding. Any party provided proper notice of proceedings but fails to respond to requests to meet with the Title IX Coordinator or their designee, fails to provide requested information to the College, or fails to otherwise cooperate with the investigation, absent extenuating circumstances, that party will be deemed to have waived their opportunity to participate in the investigation.

The complainant has the right to:

**Present Own Complaint or Use Proxy.** The complainant has the right to present their own complaint, or to ask the college to serve as the complainant in their place. A complainant choosing not to participate in a conduct process may limit the College’s ability to respond. Upon notice, some situations may require the College to respond against the wishes of the complainant in order to ensure the safety of the campus community.

**Be Notified When a Complaint is Delivered to Respondent(s).** Complainants are notified when a notice of allegations is delivered to the Respondent(s).

The respondent has the right to:

**Be Charged with a Specific Violation of College Policies.** Respondents have the right to be heard and defend themselves against allegations by participating in an investigation.
In order to adequately prepare their case, it is the right of the Respondent to answer only the policy violations with which they have been charged.

V. Definitions

Consent is:
- clear,
- ongoing,
- knowing, and
- voluntary
- words or actions,
- that give permission for specific sexual activity.

- Consent is active, not passive.
- Silence, in and of itself, cannot be interpreted as consent.
- Consent can be given by words or actions, as long as those words or actions create mutually understandable permission regarding willingness to engage in (and the conditions of) sexual activity.
- Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
- Previous relationships or prior consent cannot imply consent between those same individuals to future sexual acts.
- Consent can be withdrawn once given, as long as that withdrawal is clearly communicated. If there is any question about whether consent still exists, the individuals should clarify that consent still exists.
- In order to give consent, one must be at least 16 years old.
- Sexual activity with someone you know to be or should know to be incapacitated constitutes a violation of this policy. The question of what the responding party should have known is objectively based on what a reasonable person in the place of the responding party, sober and exercising good judgment, would have known about the condition of the reporting party.
- The following examples demonstrate how incapacitation can occur:
  - Incapacitation can occur mentally or physically, from developmental disability, by alcohol or other drug use, including prescription drug use, or some combination thereof.
  - Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction).
  - This policy also covers a person whose incapacity results from mental disability, sleep, unconsciousness, involuntary physical restraint, or from the taking of rape drugs. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this policy. More information on these drugs can be found at http://www.911rape.org/.

Force:

Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcomes free will or resistance or that produces consent (“Have sex with me or I’ll hit you. Okay, don’t hit me, I’ll do what you want.”).

- Coercion is unreasonable pressure for sexual activity. There is a difference between seduction and coercion. Coercing someone into sexual activity violates this policy in the same way as physically forcing someone into sex. When someone makes clear to you that they do not want sex, that they want it to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. Coercion is determined by evaluating the combined effect of the frequency, intensity, duration, and pressure applied. Additionally, isolation of parties at the time of incident in question will be considered as a contextual factor.
- Duress means a direct or implied threat of force, violence, danger, hardship, or retribution that is enough to cause a reasonable person of ordinary sensitivity to do or submit to something that he or she would not otherwise do or submit to. When deciding whether the act was accomplished by duress, all the circumstances, including the age of the impacted party and his or her relationship to the responding party, are relevant factors.
- **Menace** means a threat, statement, or act showing intent to injure someone.

NOTE: There is no requirement for a party to resist the sexual advance or request, but resistance is typically an indication of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual sexual activity is not by definition forced.

**Definition of Offenses**

**Sexual Misconduct Offenses include, but are not limited to:**
1. Sexual Harassment
2. Non-Consensual Sexual Intercourse (or attempts to commit same)
3. Non-Consensual Sexual Contact (or attempts to commit same)
4. Sexual Exploitation

**Sexual Misconduct Charges**

1. **Sexual harassment is:**
   - Unwelcome,
   - Sexual, sex-based and/or gender-based verbal, written, online and/or physical conduct

   Sexual harassment may be disciplined when it takes the form of quid pro quo harassment, retaliatory harassment and/or creates a hostile environment.

   **Types of Sexual Harassment:**
   A hostile environment is created when sexual harassment is:
   - sufficiently severe, or
   - persistent or pervasive, and
   - objectively offensive that it:
   - unreasonably interferes with, denies or limits someone’s ability to participate in or benefit from the College’s educational and/or employment, social and/or residential program.

   **Quid Pro Quo Harassment is:**
   - Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature
   - By a person having power or authority over another constitutes sexual harassment when:
     - Submission to such sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual’s educational or employment progress, development, or performance.
     - This includes when submission to such conduct would be a condition for access to receiving the benefits of any educational or employment program.

2. **Non-Consensual Sexual Intercourse is:**
   - any sexual intercourse (anal, oral, or vaginal),
   - however slight,
   - with any object,
   - by a person upon a person,
   - that is without consent as defined by this Policy.

   By way of example, this includes:
   - vaginal or anal penetration by a penis, object, tongue or finger, and oral penetration or mouth to genital contact, no matter how slight the penetration or contact.

3. **Non-Consensual Sexual Contact is:**
   - any intentional sexual touching,
   - however slight,
   - with any object,
• by a person upon a person,
• that is without consent and/or by force.

Sexual Contact includes:
Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts

4. Sexual Exploitation:
- Occurs when one person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:
  - Invasion of sexual privacy;
  - Offering another person for sexual activity for purpose of benefiting oneself;
  - Non-consensual digital, video or audio recording of nudity or sexual activity;
  - Unauthorized sharing or distribution of digital, video or audio recording of nudity or sexual activity;
  - Engaging in voyeurism;
  - Going beyond the boundaries of consent with respect to viewing, recording or transmission (such as letting your friend hide in the closet to watch you having consensual sex);
  - Knowingly exposing someone to or transmitting an STI, STD or HIV to another person;
  - Intentionally or recklessly exposing one’s genitals in non-consensual circumstances; inducing another to expose their genitals;
  - Sexually-based stalking and/or bullying may also be forms of sexual exploitation
  - Removing a condom during sex without the consent of the partner, or “stealthing”

Relationship Violence Offenses
1. Dating Violence
2. Domestic Violence
3. Stalking

Relationship Violence Charges
1. Dating Violence
   • Violence committed by a person who is or has been in a social relationship of a romantic nature with the victim. Dating violence includes sexual or physical abuse or the threat of such abuse.
   • The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

2. Domestic Violence
   • Violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child, or a person cohabitating with the victim.

3. Stalking
   • A course of conduct directed at a specific person that is unwelcome and would cause a reasonable person to either fear for his or her safety or the safety of others or suffer substantial emotional distress.
   • Stalking is the repeated following, watching or harassing of a specific person that would cause a reasonable person to (a) fear for his or her safety or the safety of others, or (b) suffer substantial emotional distress.

VI. Active Bystander and Risk Reduction Tips
**How to Be an Active Bystander**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”¹ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list² of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

**For initiators of sexual activity**

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

1. DON’T MAKE ASSUMPTIONS About consent; About someone’s sexual availability; About whether they are attracted to you; About how far you can go; About whether they are physically and mentally able to consent to you;
2. Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
3. Mixed messages from your partner should be a clear indication that you should step back, defuse the sexual tension, and communicate better. Perhaps you are misreading them. Perhaps they haven’t figured out how far they want to go with you yet. You need to respect the timeline with which they are comfortable.
4. Don’t take advantage of someone’s drunkenness or drugged state, even if they did it to themselves.
5. Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don’t abuse that power.
6. Understand that consent to some forms of sexual behavior does not necessarily imply consent to other forms of sexual behavior.
7. On this campus, silence, and passivity cannot be interpreted by you as an indication of consent. Read your potential partner carefully, paying attention to verbal and nonverbal communication and body language.

**Risk Reduction Tips**

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)
If you have limits, make them known before things go too far.

Tell a sexual aggressor “NO” clearly and loudly, like you mean it.

Try to extricate yourself from the physical presence of a sexual aggressor.

Grab someone nearby and ask for help.

Be responsible for your alcohol intake/drug use and realize that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.

Be aware of incapacitating drugs like Rohypnol and GHB. See the detailed information below or go to www.911rape.org.

Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

Try to avoid isolated areas. It is more difficult to get help if no one is around.

Walk with purpose. Even if you don’t know where you are going, act like you do.

Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

Try not to load yourself down with packages or bags as this can make you appear more vulnerable.

Make sure your cell phone is with you and charged and that you have cab money.

Don't allow yourself to be isolated with someone you don’t trust or someone you don’t know.

Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.

Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.

Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately. A real friend will get in your face if you are about to make a mistake. Respect them if they do.

If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

If you need to get out of an uncomfortable or scary situation here are some things that you can try:

- Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
- Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
- Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
VII. Education/Awareness/Resources

Programs to prevent sexual misconduct and relationship violence

Hendrix College provides programming to students and employees to prevent sex offenses, dating violence, domestic violence, and stalking. These programs include primary prevention awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees. We are committed to providing such programs that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome. In planning and implementing these programs we consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

These programs are sponsored by diverse departments and organizations on campus. For example, the Human Resources department provides programming for incoming employees. The Office of Student Activities and the Dean of Students Office provides programming for incoming students. Ongoing programming is provided by these departments and other departments and organizations throughout campus, including Residence Life, the Coalition on Gender and Sexuality, and Counseling Services. Examples of programming include freshmen orientation events Choices 101 and 102, sexual harassment training provided to employees, including student employees, the Take Back the Night event, and the posting and distribution of informational posters and brochures.

Federal Timely Warning Reporting Obligations

Victims of sexual misconduct should also be aware that college administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to members of the campus community. The college will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

Federal Statistical Reporting Obligations

Certain campus officials – those deemed Campus Security Authorities - have a duty to report certain crimes, including but not limited to sexual assault, domestic violence, dating violence and stalking for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the Annual Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. Mandated federal reporters for reports of Clery crimes include: student/conduct affairs, campus law enforcement, local police, coaches, athletic directors, residence life staff, student activities staff, human resources staff, advisors to student organizations and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the victim and may be done anonymously.

Legal Definitions

This section is for reference only and definitions in this policy are independent of state and federal legal definitions. All conduct processes address violations of Hendrix College Student handbook and are not intended to take the place of criminal proceedings. In the event that a student would like to pursue criminal charges they may do so without interfering with or otherwise altering any above mentioned process or rights. The Title Investigator (501-505-2901) or Public Safety (501-450-7711) will assist students who wish to make a report to law enforcement and the request of the student.

3. **Preserve Physical Evidence** – In addition to getting to a safe space, the college encourages individuals to preserve all evidence to assist the individual with their options of reporting. Preserving evidence may help prove an offense occurred and aid in obtaining a protection order. The following are tips for preserving evidence:
General Tips
Do not alter, dispose of or destroy any physical evidence.

- If there is suspicion that a drink may have been drugged, inform a medical assistance provider and/or law enforcement as soon as possible so they can attempt to collect potential evidence (e.g., from the drink, through urine or blood sample).
- Preserve evidence of electronic communications by saving them and/or by taking screenshots of text messages, instant messages, social networking pages or other electronic communications, and by keeping pictures, logs or copies of documents that relate to the incident and/or respondent.
- Even if complainants choose not to make a complaint regarding sexual misconduct, they should nevertheless consider speaking with Hendrix Public Safety or other law enforcement to preserve evidence in the event that they change their mind at a later date.

Specific to Sexual Assault

- Do not change out of the clothing you were wearing at the time of your assault. If you must change, place your old clothes in a paper bag and do not wash it.
- Pack a change of clothes to bring to campus Health Services or a local hospital.
- Do not shower, bathe, brush teeth, eat, drink, or change bedding before going to the hospital or seeking medical attention.

4. Seek Timely Medical Attention – If you have been injured, you are encouraged to go for a medical exam as soon as possible because injuries should be treated promptly and evidence deteriorates quickly.

5. Develop a safety plan- If you are experiencing relationship violence, developing a safety plan is important. This includes changing your routine, arranging a place to stay, and having a friend or relative go places with you. Decide in advance what to do if the stalker or abuser shows up at your home, work, school, or somewhere else. Memorize important phone numbers, such as the people to contact or places to go in an emergency. Keep spare change, calling cards, or a cell phone handy for immediate access to communication. Have money available for transportation if you need to take a taxi to escape. For more information see:
https://www.domesticpeace.com/safety-plan

XIX: Notification that institution will assist victim with changes in academic and living arrangements:

Hendrix College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety. Hendrix College will assist the reporting student with changes in academic and living arrangements if desired by the student. Hendrix College also reserves the right to take measures with the accused student which include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting to the local police.

Remedies Available for Victims of Gender-Based Misconduct

If you have been the victim of gender-based misconduct, you may request assistance in changing your academic, living, transportation, and/or working situations if they are reasonably available. This assistance is available whether or not you report the crime to Public Safety or local police. Students should contact Allison Vetter (SLTC 150), Title IX Investigator and Education Coordinator at 501-505-2901 or the Dean of Students office at (501) 450-1222, visit the office, or email Dean Wiltgen at Wiltgen@hendrix.edu for these requests.
College officials will maintain confidential any remedies or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of Hendrix College to provide the remedies or protective measures.

If a student or employee reports being a victim of gender-based misconduct, whether the offense occurred on or off campus, to the Title IX Coordinator, Human Resources, or the Dean of Students Office, then those offices will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the Hendrix community and the Conway community. If a student or employee reports being a victim of gender-based misconduct to another individual or department, then that victim has a right to receive the same information listed above in writing. In these cases, the individual taking the report or the victim can request the written information from the Title IX Coordinator, Human Resources, or the Dean of Students Office.

XX: Procedures for Disciplinary Action for Alleged Sex Offenses

Reporting and Investigation Procedures
Any member of the community who believes they have experienced discrimination or misconduct that violates Hendrix College Policy Prohibiting Gender-Based Misconduct should report that conduct to the Title IX Investigator, Title IX Coordinator, or Title IX Deputies listed in this policy. Reports of discrimination or misconduct will be investigated in a manner that is prompt, thorough, equitable, impartial and fair to all parties involved.

A. Initial report and notification of allegations: In order to provide sensitive personal information to as few people as possible during the reporting phase it is recommended that students report incidents of gender-based misconduct or discrimination directly to the Title IX Investigator and Education Coordinator (Allison Vetter, vetter@hendrix.edu, SLTC 150) or Title IX Coordinator (Shawn Goicoechea, goicoechea@hendrix.edu, 1545 Washington Ave) to reduce the number of times they must recount their allegations. You may also email title9@hendrix.edu to report gender-based misconduct.

The Title IX Administrator who receives the initial report will review the information collected with the Title IX Coordinator and determine if a policy violation is alleged to have occurred. The wishes of the Complainant will be considered before proceeding with a formal investigation and conduct process, however it is ultimately the discretion of the Title IX Coordinator as to whether or not the College will proceed. The College may determine, when considering the safety of the community that it is necessary to proceed against the wishes or without the participation of the complainant. In the event the alleged misconduct is not a violation of the Policy Prohibiting Gender-Based Misconduct, the Complainant will maintain their access to support services and/or Interim measures as appropriate.

Both the Complainant and Respondent will have the opportunity to have an initial meeting with the Title IX Investigator to discuss the investigative process, request interim measures, learn about support resources, and otherwise ask questions of the Title IX representative without providing a statement for the investigation. The Complainant and Respondent have the right to an advisor of their choice at the initial meeting and thereafter (See Rights & Responsibilities).

If either party elects to provide a statement about the alleged incident during the initial meeting that statement will be recorded. Statements may also be submitted in writing. In general, any information provided about the alleged incident to a College employee not listed as a confidential resource may be included in the investigative packet.

After initial interviews with the Complainant and Respondent, the Investigator will work with appropriate College officials to enact any interim measures deemed reasonable and necessary, assist students in accessing support resources as needed, and determine if a formal investigation will proceed.

B. Interim Measures: Unless circumstances dictate otherwise, the Investigator will promptly issue a “no contact” directive to all parties upon notice of any sexual assault complaint. In all cases, the college may implement any necessary interim measures, deemed appropriate and reasonably available, regardless of whether a complaint has been filed or whether an investigation has commenced. Interim Measures may include, but are not limited to:
Violations of Interim Measures by either party are considered to be violations of the Policy Prohibiting Gender-Based Misconduct. Failure to abide by interim measures is a violation of this policy (irrespective of whether the underlying complaint of sexual conduct is substantiated) and is subject to the full range of sanctions as any other policy violation. Any person who believes interim measures are being violated should report the alleged violation in the same manner for reporting sexual misconduct. Alleged violations of interim measures may be investigated along with the underlying complaint of sexual misconduct, or separately, at the discretion of the Title IX Coordinator.

C. Informal Resolution: If so desired, and the College determines that it is appropriate, a complainant and respondent may both agree to enter into a process of informal resolution mediated by the Title IX Investigator. The ability to enter into an informal resolution is at the discretion of the Title IX Coordinator and may not be appropriate for more severe charges such as non-consensual sexual intercourse. Informal resolutions may result in sanctions, excluding suspension or expulsion. Parties electing to pursue an informal resolution will forfeit their right to pursue the formal investigative process.

D. Investigation Procedures: An initial investigative report and evidence packet will be compiled by the investigator. This will include relevant evidence including the statements of complainants and respondents, witness interviews, and material evidence or information submitted by either party (e.g. text messages, social media posts, images, etc.). The investigator will review the initial investigative report and evidence packet to determine which policy(ies) if any, has been/are alleged to have been violated. In the event the investigator determines the alleged conduct, if true, represents a policy violation, a Charge Letter will be issued to both the respondent and complainant by the Title IX official investigating the case.

E. Responding to the Charge: For each charge outlined in the Charge Letter, Respondents will have four (4) calendar days to enter a statement of Responsible, Not Responsible, or No Contest.

**Responsible Statements**
If the student in question accepts responsibility in a gender-based misconduct case, the student will provide a statement for the Gender-Based Misconduct Panel to determine an appropriate sanction. By accepting responsibility, the student in question is waiving their right to appeal any procedural matters or on the basis of newly discovered evidence. Respondents may accept responsibility for charges at any time during the process. At such time, all available information, along with final statements from either party, will be submitted to the panel for determining sanctions.

**Not Responsible Statements**
If the responding student does not accept responsibility the investigation will proceed and a Gender-Based Misconduct Panel may be convened. From this point on the student in question is assumed not-responsible concerning the charges which have been leveled against them.

**No Contest Statements**
If a student is facing possible suspension or expulsion, the student may be eligible to provide a statement of No Contest. Allowing a No Contest Statement is at the discretion of the Title IX Coordinator. Students who enter a Statement of No Contest accept the sanctions issued to them without contesting the conduct charge(s). If a student enters a Statement of No Contest the student waives their right to appeal based on any procedural matters or on the basis of newly discovered evidence. Conduct violations for which a student enters a Statement of No Contest will appear on that student’s conduct record.
F. Response to Initial Investigative Report & Evidence Packet, and Cross-Examination: Both parties will be provided access to the initial report and evidence packet for review. Complainants and Respondents will have four calendar days to review the initial evidence packet and submit additional information, including witnesses and documents or additional statements to the investigator.

Complainants and Respondents may also submit questions they would like to be asked of any of the involved parties. The investigator will review questions for relevance and notify the submitting party if any questions are deemed not relevant. Questions will be administered by the investigator in a timely manner and responses will be transcribed. Investigators may ask follow-up questions of their own as they see fit to ensure thoroughness. Responses will be added to the Final Investigative Packet which will be provided to all parties for review.

The Initial Evidence Packet will also include the names of panelists who will be assigned to review the case. Complainants and Respondents have one (1) calendar day to request the recusal of panelists for good cause such as bias or conflict of interest. Requests must be submitted in writing to the investigator or Title IX Coordinator and include a rationale. Both parties will be notified of any panel changes and provided at least 1 calendar day from notification of changes to contest the new panel composition. Each party may only challenge the panel (any members) once, if the change is granted that party may not challenge the new selection.

G. Final Investigative Packet and Final Statements: Once the period for submitting evidence has ended, the information will be compiled and a Final Investigative Packet will be provided to the complainant, respondent and panelists. At this time no additional evidence may be submitted unless it was unknown or unavailable and could not have been known or available at the time of the submission period.

The packet will include, but is not limited to:
- Initial statements (as written or transcribed) by both parties
- Transcription of relevant information gathered via witness interviews. Information not meeting evidentiary standards will be redacted.
- Any additional statements provided by the Complainant and Respondent.
- Evidence deemed relevant by the investigator including, but not limited to: text messages, images, other communications,
- Transcription from cross-examination conducted by the investigator on behalf of the complainant and respondent.
- Investigator synthesis of relevant evidence, timeline notes (where appropriate) and credibility assessments.

Upon delivery of the Final Investigative Packet, the complainant and respondent will have two (2) calendar days to submit a final statement. Final statements will be promptly made available to the panel.

H. Panel Composition and Deliberations: Panel membership is limited to full-time faculty and staff of the College who have been nominated by any Title IX Administrator, or any member of the current Sanctions panel, and who have been adequately trained within 12 months of the start of panel deliberation.

Panelists will deliberate as a group, and panel deliberations will be closed to all parties. Panelists may ask questions of the assigned investigator. In the event panelists request additional information from the investigator, both parties will receive an updated packet with any new information and may be given, at the panel’s discretion, an opportunity to respond to the new information.

Panelists will determine responsibility for each charge and will base each determination on the preponderance of the evidence, whether it is more likely than not that the alleged conduct occurred and if so, whether it constituted a policy violation. Responsibility will be determined by a majority of panelists. The panel will have five (5) calendar days from receipt of Final Statements to deliberate and make a decision.

The Complainant and respondent will be notified simultaneously and in writing, within two calendar days of the panel’s decision. A decision will be stated for each charge, and any sanctions will be accompanied by a rationale.

I. Procedural Rule for Addressing Prior Conduct Violations: While previous conduct violations by the responding student are not generally admissible in an investigation, the Title IX Coordinator, their designee, or the Dean/Associate Dean of Students may supply previous complaint information to the panel, or may consider it if they are hearing the complaint, only if:
1) The respondent was previously found to be responsible or took responsibility;
2) The previous incident was substantially similar to the present allegation; or
3) Information indicates a pattern of behavior and substantial conformity with that pattern by the responding student.

J. Sanctions*: The panel may impose one or more of the following sanctions for each policy violation.

Educational Project - Project that encourages reflection and demonstration of knowledge.

Restriction or Revocation of Privileges - Temporary or permanent loss of privileges including but not limited to use of a particular facility or service, visitation privileges, and parking privileges.

Termination or Change in Residency Privileges - A sanction that terminates or changes a student’s residency.

Conduct Registration Hold - If a student fails to complete the conditions of a sanction (e.g. College Service Hours, etc.), a Conduct Registration Hold will be placed on their Registrar’s account. With this hold in place, the student is restricted from utilizing the major functions of the Registrar Office (e.g., prohibited from participating in registration and course adjustment, requesting transcripts, and from receiving a diploma). The Panel or a Title IX Administrator will remove the hold when it has been determined that the student is working towards or has returned to compliance.

Conduct Probation - A sanction serving notice to a student that his or her behavior is in serious violation of College standards and policies. It is assigned for a specified time period. A breach of College standards or policies by a student during the probationary period may result in suspension or expulsion from the College.

Suspension - A student may be subject to mandatory separation from the College for a specified period of time. An application for readmission will be considered after the time period of the suspension has elapsed. Readmission is subject to stipulations by the panel and approval of College officials. A student who has been suspended is barred from visiting the campus unless written permission is granted by the Title IX Coordinator.

Expulsion - Expulsion is permanent dismissal from the College with no possible future readmission. A student who has been expelled is also barred from visiting the campus.

Any student found responsible for violating the policy on Non-Consensual Sexual Intercourse will likely face a sanction of suspension or expulsion.

Other Appropriate Action - Sanctions not specifically described above must be approved by the Title IX Coordinator.

NOTE: Decision-makers reserve the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Students must be in good conduct standing in order to be eligible for graduation, including conferring of diploma and access to transcripts. Students will NOT be eligible for conference of a degree if a Charge Letter has been issued or an investigation has begun. An investigation may continue during school breaks as determined necessary by the Title IX Coordinator.

K. Appeal Process: Both the complainant and the respondent have a right to appeal the finding(s). A written request for appeal must be submitted to the Title IX Coordinator (Shawn Goicoechea, goicoechea@hendrix.edu) within three (3) calendar days after a panel’s decision is rendered. A request for appeal must be based on one of the following reasons:

a. New relevant information exists, that was unavailable during the original investigation and panel deliberation,

b. A material deviation from written procedures could have impacted the fairness of the panel review;

c. The sanction(s) may be grossly disproportionate to the severity of the offense.

Appeal Review. The Title IX Coordinator will, within three (3) calendar days after receiving the request for appeal, determine whether the petition meets at least one of the three grounds for an appeal. The Title IX Coordinator may:

d. deny the appeal if it does not meet one of the grounds;

e. refer the complaint back to the Panel for re-opening of deliberations.

f. Refer the complaint to a new panel for deliberations.

In the event the Title IX Coordinator is unable to process the appeal, another Title IX Deputy will process the appeal using the same guidelines. If the Title IX Coordinator or other assigned deputy is unable to provide a response to the appeal request
Within three days, that official will notify both parties in writing within three days of receiving the request to provide an updated timeline for determining the status of the appeal.

**Appeals Procedures.** If an appeal is granted and sent back to the panel, the panel will review the appeals document, any instructions or comments on the granting of appeal by the Title IX Coordinator, and any written or taped documentation regarding the original deliberation, as needed. The panel may confine their review to written or taped documentation only. However, they may speak with any student or employee involved with the investigative process for more information or clarification. The panel will respond in writing within five calendar days of receiving the appeal from the Title IX Coordinator, unless extenuating circumstances exist, in which case the parties will be notified of the modified timeline.

**Response to the Appeal.** An appeal may be referred to the original panel or, at the discretion of the Title IX Coordinator, a new panel may be assigned the appeal. The assigned panel may take the following action:

- a. Uphold their original decision.
- b. Increase their original sanction.
- c. Decrease their original sanction.
- d. Change the finding of responsibility.

**Finality of Appeals.** Decisions made by the Title IX Coordinator and/or the panel are final.

**IV. Student Rights & Responsibilities**

Gender-based misconduct proceedings must be conducted by officials who do not have a conflict of interest or bias for or against either party. Requests for recusal of an investigator must be submitted in writing to the Title IX Coordinator. In the event the Title IX Coordinator is the individual whose recusal is being requested please submit the request to the President of the College who will assign the task of determining the merit of the recusal to an appropriate deputy for consideration.

Both complainant and respondent have the following rights:

**Confidentiality in the process:**

Distribution of confidential information undermines the process of adjudicating and resolving policy violations on campus and will not be tolerated. Information provided for review by the complainant and respondent is to be accessed and used only by the respondent, complainant, their advisor, and the employees of the College assigned to adjudicate and monitor the process. Distribution of any document or other verbatim reproduction of any information provided by the College or other party in this process will result in immediate disciplinary action. Violations of confidentiality by either party are considered to be violations of the Policy Prohibiting Gender-Based Conduct. Failure to adhere to confidentiality is a violation of this policy (irrespective of whether the underlying complaint of sexual conduct is substantiated) and is subject to the full range of sanctions as any other policy violation. Any person who believes confidentiality has been violated should report the alleged violation in the same manner for reporting sexual misconduct. Alleged violations of confidentiality may be investigated along with the underlying complaint of sexual misconduct, or separately, at the discretion of the Title IX Coordinator.

**The right to one advisor of your choosing.** Students must provide the name of their Advisor to the investigator as soon as one is selected. Students may change their Advisor at any time during the process provided they notify the investigator immediately. Advisors may accompany a complainant or respondent to any meeting related to the gender-based conduct case. The advisor’s role is limited to providing support and private advice and consultation to the student who is a complainant or respondent. Advisors may not participate in examination of witnesses or presentation of materials or information to the panel members, investigator, or appeals person. Advisors may review the investigative packet, but are not permitted to copy or record materials in any way. The advisor may not directly question or submit information on behalf of the advisee. The investigator will communicate directly with complainants and respondents. The advisor may assist the student in preparation of his or her complaint/response. In addition to these specific guidelines, advisors must follow the timelines and conduct procedures provided to their advisees. The identity of the Advisor will not be withheld from either party. Advisors may be asked to leave any meeting in which their conduct is unprofessional or disrespectful of College officials and if the guidelines for advisor conduct outlined here are not followed.

**Present evidence by witness.** Non-members of the Hendrix community may be interviewed or present written statements pertinent to the charges in question. If witnesses fail to respond to requests for information or reasonable attempts to conduct interviews or collect statements, the process will progress without that information. Evidence must be pertinent to the charges in question. Character witnesses are not allowed. Evidence is generally restricted to written reports and witness interviews conducted by the investigator assigned to the case. The complainant and respondent, along with their advisors, will be granted access to all written materials in accordance with the timelines outlined in this policy.
Submit questions for all witnesses. Upon review of the Initial Investigative Report and Evidence Packet the Complainant and Respondent may submit questions to be asked of the opposing party and/or any witnesses. Questions must be relevant to the investigation and may not include prohibited character/sexual history questioning. It is at the discretion of the investigator as to whether questions are allowed/administered, and if questions or their responses are included in the Final Investigative Report and Evidence Packet for panel review.

Right to Advance Notice of Panel Composition and Right to Challenge. The complainant and respondent will receive advance notice of who will serve on the panel and will be given the right to challenge any member on the basis of actual bias or conflict of interest prior to the start of panel review and deliberation. Any challenge will be decided by the Title IX Coordinator or designee.

Right to Know Outcome and Sanctions. The complainant and respondent will receive the outcome and sanctions (when applicable) in writing at the same time. Notification of the outcome will be sent within two (2) calendar days of the decision of the panel. If an appeal is filed and accepted, the Complainant and Respondent will receive notice of the appeal in writing at the same time and will receive notice of the final outcome in writing at the same time. Third party reporters will not be notified regarding the outcome of a gender-based misconduct case.

If the victim is deceased as a result of the violation, the Title IX Office will provide the finding(s) to the victim’s next of kin, if so requested in writing.

Right to Appeal. Both the complainant and the respondent have a right to appeal an outcome. A written request for appeal must be submitted to the Title IX Coordinator within three (3) calendar days after a conduct decision is rendered. The decision rendered during the appeal is final. There is no appeal of appeals. (For more information on appeals please see the appropriate policy section.)

Right to not participate. Any party may choose not to participate in an investigation or appeal; however, their exercise of that option will not preclude the Title IX Coordinator or their designee, from making a determination regarding the complaint filed against the respondent. Students will be notified by the Title IX Administrator If the process is moving forward without their participation.

Parties to an investigation are expected to respond to the Title IX Administrator within a reasonable timeframe. Failing to respond will NOT stop an investigation from proceeding. Any party provided proper notice of proceedings but fails to respond to requests to meet with the Title IX Coordinator or their designee, fails to provide requested information to the College, or fails to otherwise cooperate with the investigation, absent extenuating circumstances, that party will be deemed to have waived their opportunity to participate in the investigation.

The complainant has the right to:

Present Own Complaint or Use Proxy. The complainant has the right to present their own complaint, or to ask the college to serve as the complainant in their place. A complainant choosing not to participate in a conduct process may limit the College’s ability to respond. Upon notice, some situations may require the College to respond against the wishes of the complainant in order to ensure the safety of the campus community.

Be Notified When a Complaint is Delivered to Respondent(s). Complainants are notified when a notice of allegations is delivered to the Respondent(s).

The respondent has the right to:

Be Charged with a Specific Violation of College Policies. Respondents have the right to be heard and defend themselves against allegations by participating in an investigation.

In order to adequately prepare their case, it is the right of the Respondent to answer only the policy violations with which they have been charged.
XXI: Sanctions for Gender Misconduct Offenses

**Educational Project** - Project that encourages reflection and demonstration of knowledge.

**Restriction or Revocation of Privileges** - Temporary or permanent loss of privileges including but not limited to use of a particular facility or service, visitation privileges, and parking privileges.

**Termination or Change in Residency Privileges** - A sanction that terminates or changes a student’s residency.

**Conduct Registration Hold** - If a student fails to complete the conditions of a sanction (e.g. College Service Hours, etc.), a Conduct Registration Hold will be placed on their Registrar’s account. With this hold in place, the student is restricted from utilizing the major functions of the Registrar Office (e.g., prohibited from participating in registration and course adjustment, requesting transcripts, and from receiving a diploma). The Panel or a Title IX Administrator will remove the hold when it has been determined that the student is working towards or has returned to compliance.

**Conduct Probation** - A sanction serving notice to a student that his or her behavior is in serious violation of College standards and policies. It is assigned for a specified time period. A breach of College standards or policies by a student during the probationary period may result in suspension or expulsion from the College.

**Suspension** - A student may be subject to mandatory separation from the College for a specified period of time. An application for readmission will be considered after the time period of the suspension has elapsed. Readmission is subject to stipulations by the panel and approval of College officials. A student who has been suspended is barred from visiting the campus unless written permission is granted by the Title IX Coordinator.

**Expulsion** - Expulsion is permanent dismissal from the College with no possible future readmission. A student who has been expelled is also barred from visiting the campus. Any student found responsible for violating the policy on Non-Consensual Sexual Intercourse will likely face a sanction of suspension or expulsion.

**Other Appropriate Action** - Sanctions not specifically described above must be approved by the Title IX Coordinator.

NOTE: Decision-makers reserve the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Students must be in good conduct standing in order to be eligible for graduation, including conferring of diploma and access to transcripts. Students will NOT be eligible for conference of a degree if a Charge Letter has been issued or an investigation has begun. An investigation may continue during school breaks as determined necessary by the Title IX Coordinator.

XXII: Where to Obtain Information about Registered Sex Offenders

The campus community should contact the Conway Police Department (501-450-6120) for listings and information regarding registered sex offenders, or visit the Arkansas Crime Information Center at: http://acic.org/offender-search/index.php

XXIII: Fire Safety Policies

The policies in this section are specifically designed to increase safety and outline safe procedures for students. Safety is always the first priority. Students who ignore safety guidelines or place other students in harm’s way with their actions will be subject to strong disciplinary action.

Students who have concerns about their safety should contact the Office of Public Safety immediately. Students must understand that some individual actions have an impact on safety for the entire community. We need students to work with each other and with the extended Hendrix community to create a safe home for all. All crimes should be reported to Hendrix Public Safety at 501-450-7711.
Building Security

Security is primarily the responsibility of the student. Hendrix Public Safety Officers make regular rounds checking residential facilities’ exterior doors. Tampering or disabling exterior door security/access systems will result in conduct action. For your safety and the safety of others, please follow these guidelines:

- Do not prop or block exit doors or doors leading to fire exits and/or fire escapes.
- Close any door that you find propped open. (After doors have been propped a certain amount of time, a loud alarm will sound.)
- Do not allow strangers to enter the residential facilities.
- Escort guests at all times while in the residential facilities.
- Report any unescorted nonresidents to Public Safety.
- Report any security issues to the Residence Life staff and Public Safety.
- Close and lock all doors when leaving your room/apartment and residential facility.

Fire Equipment Tampering Policy

Any misuse or tampering with fire extinguishers, alarms, or equipment jeopardizes residents’ safety and should be reported immediately to Public Safety or a Residence Life staff member if the event occurred in Hendrix College-owned housing. Fire equipment includes, but is not limited to, room and hallway smoke detectors, exit signs, fire alarms, breaker panels, fire extinguishers, etc. Students are reminded that removing batteries from smoke detectors is a violation. Report any problems with fire equipment to Public Safety or a Residence Life staff member if in Hendrix College-owned housing.

Fire Safety Equipment, Procedures, Prevention

Equipment: It is a serious offense to tamper with fire safety equipment. Individuals found tampering with the fire alarms, extinguishers, smoke detectors, or other fire prevention equipment, or pulling the fire alarm under false pretenses will be subject to swift and decisive disciplinary action with eviction from College-owned housing being the most viable sanction. Do not tamper with the fire/life safety equipment.

Fire extinguishers are located throughout the residence halls and apartment buildings. They are to be used only in the event of a fire. They are considered fire equipment and are not to be disturbed. Do not tamper with the fire extinguishers or use them for anything other than to extinguish a fire.

Exit signs are located strategically throughout the buildings. Their purpose is to indicate exit routes, particularly in emergencies. Do not remove or tamper with any of these signs.

Evacuation: Specific evacuation procedures for each building will be explained by the Residence Life Staff at the first floor meeting and are posted in the building. When the fire alarm sounds, the building must be thoroughly and immediately evacuated with no exceptions. Failure to do so may result in Conduct Action.

After the fire alarm sounds, Public Safety is automatically notified. Do not panic. Please familiarize yourself with the emergency procedures for your building as soon as you move in. Follow these simple instructions:

1. Turn off room lights except for ceiling lights. Leave blinds (and curtains) open.
2. Close windows and lock doors.
3. Grab a coat, shoes, and a towel to cover your face and head and leave in an orderly fashion as instructed in the evacuation procedures.
4. Walk quickly and quietly and use the closest exits.
5. Stand away from the building at the designated area. The Residence Life staff will inform students when they may return to the building. Deliberately remaining in a building during an evacuation is a danger to yourself and to others who will enter the building to find you. This policy also applies to fire drills. Students found in buildings when a fire alarm is active may be subject to Conduct Action.
6. The Residence Life staff will check each room to make certain that everyone has evacuated (as the nature of the emergency permits).

If a fire is outside your room/apartment and it is unsafe to exit:

1. Crack a window and remain near the opened window.
2. Hang a bed sheet or any large light-colored cloth out the window. This will signal your location to emergency personnel.
3. Keep close to the floor and near the outside wall. Remember, smoke rises.
4. Do not panic. Remain calm and cooperate with the staff and emergency personnel during emergencies.

Prevention: The best fire safety starts with prevention. To prevent fires and accidents residents must use common sense and follow these simple guidelines:

1. Smoking is prohibited in College-owned buildings and on campus.
2. Completely extinguish matches before discarding them.
3. Use only UL-approved electrical appliances. Use caution when using these appliances. Do not leave electrical appliances unattended.
4. Halogen lamps are not permitted in College-owned housing facilities.
5. Make certain that materials used for decorating purposes are fireproof or fire retardant.

Open flames of any type, including candles, the burning of incense, coals, possession of combustible chemicals including propane and other fuels, and the use of multiple (“octopus”) electrical adapters, appliances with frayed wires, and ungrounded electrical appliances are not permitted inside residential facilities. For a complete list of items and practices prohibited in residential facilities under the fire code, please refer to the Electrical Appliances section of the Student Handbook.

Prohibited practices involving fire safety include any modification of existing electrical equipment such as outlets, light fixtures, wiring, etc.; running electrical cords under carpeting; running electrical cords through a doorway or window; connecting high wattage appliances or other electronic equipment to outlets by extension cords that do not contain breaker switches; decorating a student room by hanging or placing items such as tapestries, flags, or posters on the ceiling or in a way which covers vents on appliances or electronic equipment; overloading an electrical outlet; any practice which constitutes a fire hazard (i.e., careless use of smoking materials, etc.). Residents are not permitted to leave belongings in the hallways, stairwells, and/or common areas as this creates an obstacle to safe access to and from the building.

A fire drill is conducted at least once each semester for each residence hall and house. All persons in the building must participate in the drill and evacuate the building. The purpose of the fire drill is to acquaint residents with a rapid and orderly means of exit during an emergency. Participation in fire drills is mandatory. Residents who do not comply with this procedure are subject to conduct action. Residents are to follow evacuation procedures as listed above.
Fire Safety policies will be enforced through casual observation and announced periodic fire safety inspections of residential facilities by Residence Life staff. Materials and items prohibited from campus that are found in residence hall rooms will be confiscated, receipted, and held in a secure place until the owner safely removes them from campus at the time of check-out. Violations of this policy will be addressed through the Hendrix College conduct process.

XXIV. Hendrix College Fire Safety Report

The Campus Fire Safety Right-to-Know Act (S. 354) was passed in the United States Senate (July 2007). This act requires all college/university campuses nationwide to make public their fire safety information, statistics, and all fire-related events to students and their families. This public disclosure is intended to inform current and prospective students of the fire safety programs and policies in place at Hendrix College, and the institution’s state of readiness to detect and respond appropriately to fire-related emergencies. Fire drills were conducted in mid-February and mid-October with satisfactory results.

Note: Traditional residence halls that do not have a fire suppression system will be upgraded with those systems when the buildings are remodeled. Fire drills for Fall 2019 were conducted on October 7. Fire Drills for Spring 2020 were not conducted because all students were in remote status due to the COVID-19 pandemic.

Training

Resident Assistants and other college staff receive fire extinguisher and safety training annually by the Conway Fire Marshal's office. Campus housing residents are informed of fire safety rules and practices by Residence Life staff at the beginning of each academic year.

Definitions

The following definitions are applicable to this section:

- **Cause of fire:** The factor or factors that give rise to a fire. The causal factor may be but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.
- **Fire:** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.
- **Fire drill:** A supervised practice of a mandatory evacuation of a building for a fire.
- **Fire-related injury:** Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of a fire. The term “person” may include students, faculty, staff, visitors, firefighters, or any other individuals.
- **Fire-related death:** Any instance in which a person (1) is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) dies within one year of injuries sustained as a result of a fire.
- **Fire-safety system:** Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.
- **Value of property damage:** The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

** CRIMES REPORTED IN THE RESIDENTIAL FACILITIES COLUMN ARE INCLUDED IN THE "ON CAMPUS" CATEGORY.

There were no reported hate crimes for the years 2018 and 2019.

There was one hate crime vandalism of property/gender identity in 2020.

According to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, a crime is "reported" when the incident is brought to the attention of the local police or campus official. Numbers do not necessarily reflect a finding of guilt or criminal responsibility.
