

CAREER COMPETENCIES

Hendrix College students develop a breadth of knowledge across the liberal arts & sciences that gives them the potential to explore the present and flexibly meet the demands of their futures.

CRITICAL THINKING

Hendrix students exercise sound reasoning to analyze issues, make decisions, and overcome problems.

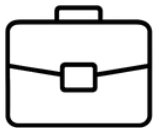

LEADERSHIP

Hendrix students leverage the strengths of others to achieve common goals and use interpersonal skills to develop others. They use empathetic skills to motivate and guide others. They organize, prioritize, and delegate work.

EQUITY & INCLUSION

Hendrix students demonstrate the awareness, attitude, knowledge, and skills required to equitably engage and include people from different backgrounds and cultures. They engage in practices that actively challenge the systems, structures, and policies of inequity.

PROFESSIONALISM

Hendrix students demonstrate personal accountability and effective work habits. They demonstrate integrity and ethical behavior, act responsibly with the interests of the larger community in mind, and are able to learn from their mistakes.

COMMUNICATION

Hendrix students articulate thoughts and ideas clearly and communicate their findings effectively and persuasively through written, oral, experiential, visual, or other appropriate methods.

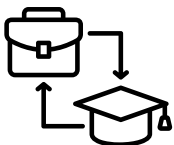

TEAMWORK

Hendrix students build and maintain collaborative relationships to work effectively toward common goals. They appreciate diverse viewpoints and understand the importance of shared responsibilities.

TECHNOLOGY

Hendrix students understand and leverage technologies ethically to enhance efficiencies, complete tasks, and accomplish goals.

CAREER & SELF-DEVELOPMENT

Hendrix students proactively identify and articulate their skills, strengths, knowledge, and experiences relevant to their career goals. They identify areas necessary for personal and professional growth, navigate career opportunities, and network to build relationships.
