Evil: God isn't interested in technology. He cares nothing for the microchip or the silicon revolution. Look how he spends his time, forty-three species of parrots! Nipples for men!

Robert: Slugs.

Evil: Slugs! HE created slugs! They can't hear. They can't speak. They can't operate machinery. Are we not in the hands of a lunatic?

Hendrix College TABLE TALK

Monday, April 25, 2005

Hundreds of toads in Germany have met an unusual death in the past few days, they have been exploding.

As many as a thousand toads have already exploded, according to animal welfare groups and veterinarians. Their bodies have been swelling up to three times their normal size and exploding, sending their entrails up to three feet in the air.

According to Werner Smolnik, a member of a nature protection society in North Hamburg, it feels like a “science fiction film”.

He added, “You see the animals crawling on the ground, swelling, and then exploding”.

The death toll has been so high that the lake in the Altona district in Hamburg is being called “the pond of death”, which is closed between 2:00 and 3:00 so scientist can study the phenomenon.

Veterinarians are baffled and claimed they have never seen such a thing before.

Possible explanations are an unknown virus, a fungus that has infected the water, or crows literally scaring the toads to death.

In the heyday of silent movies, musicians in the theater helped set the mood for the on-screen action. Dr. David Briggs, Organist Emeritus at Gloucester Cathedral, will recreate the experience with improvised organ music during a free showing of The Phantom of the Opera, starring Lon Chaney.

“Clean out your closets!!
For the VAC Spring Cleaning Swap Meet

Clean out your closets. Get rid of those things you don’t want or need anymore. Don’t waste space in your car and take stuff home you don’t want or use or make waste and throw it away. Donate items (clothes, knick knacks, stuffed animals, posters, furniture, fridges, electronics, etc.) you don’t want to the boxes located in each residence hall or the VAC room (Buhler 103). Then on Saturday, April 30th, at noon head out to the sidewalk around the brick pit to see and buy what other students donated. Why donate and why buy?? Because all proceeds from the swap meet will go to charity!!
So, run back to your room and clean your closet!

To donate large items (ex: furniture) or to ask questions email Natasha at GarciaMN@hendrix.edu

—Abraham Lincoln
THE HENDRIX DANCE ENSEMBLE
SPRING CONCERT ON TWO NIGHTS!
Tuesday and Wednesday, April 26 and 27 at 7:30, the Hendrix Dance Ensemble will present its Spring Concert featuring student dancing in original works by student and staff choreographers. Works this year feature live musical accompaniment through drumming and singing as well as “Arcs” an original composition by Dr. Karen Griebling played by the Hendrix College Chamber Orchestra. The dances are presented in a variety of styles including ballet, modern and red-hot Latin Jazz! Our choreographers explore a wide range of ideas and inspirations through movement: from nightclubs and nature to friendship and aging to spirituality, southern-ness and foot-stomping, full-throttle rhythmic explosions. And one piece uses twin beds! The Spring Dance Concert is a celebration of what Hendrix is all about: a whole life in spirit, mind and body. A fun night for all!

This Tuesday, April 26
Dr. Gabe Ferrer will offer a session on Pope John Paul II’s “Theology of the Body” at 7 PM in the Raney Building Lounge.
All are invited!
Quizno’s Subs and Treats will be served.
