 - ii. Concerns: The pulper is still outside of our current budget range and concerns of the messiness it could create in the dish room without the piping to the SLTC loading dock
 - iii. Suggestions? We receive about \$48,000 from student fees. Perhaps we should draw up a 5-year saving goal (Assigned to an At-Large Member to investigate)
 - b. Will have a meeting with At-Large members to discuss creating applications for low-flow facets in dorms and composting in apartmnets
