ECC 2013-2014 Achievements

ECC has had a very successful year of increasing environmental awareness on campus and throughout the community. Our leadership has spent thousands of hours bringing you new programming with new organizations, revitalizing existing campaigns, and broadening the scope of the organization. We were chosen as your Student Organization of the Year!

Campaigns/Events:

- We partnered with VAC, Culinary Club, Residence Life, SOCO, and community organizations to host events ranging from cooking delicious bugs to film screenings.
- Earth Week featured new events with new partners and much higher attendance.
- Food Week has now become an established event on campus.
- Our Housing Rep program was completely overhauled and is now a model on campus.
- We donated outdoor recycling bins to Facilities Management and established a better relationship with them.
- We instituted and worked with the first Glass Recycling Student Worker.
- We collected recycling at all home football games, many SOCO parties, and other student events.
- We cleaned-up campus every Sunday morning, rain or shine, to the tune of 150 bags of recycling, 400 glass bottles, and 200 Free Store items.
- We saw dramatic increases in the use of the dish program.
- We saw many faculty and staff members begin using and donating to the Free Store.
- ECC leaders now can earn Odyssey Pre-Approved SP credit for their work.
- Orientation Green Team was larger than ever, and Trash to Treasure donated a van full of goods to tornado relief.

People:

- Elisa Rivera was ECC Chair, Natalie Skinner and William O'Brochta were the ECC Vice-Chairs.
- Aaron Steinberg, Apartments Representative, created and deployed "Commingled" signs to all recycling bins in academic buildings, starting a conversation about how recycling works in Conway.
- Abby Gatmaitan, Martin Representative, ran two Martin Recycling events, raising awareness about recycling in Martin and collecting over one bag of recycling per participant.
- Hanna Davis, Hardin Representative, started our new Facebook page: facebook.com/HendrixECC
- Jun Zhang, Galloway Representative, worked with the library to obtain data on printing waste and learn about new print management software.
- Kate Engler, Houses Representative, ran our first ever Trashion Show.
- Morgan Madderom, Couch Representative, collected recycling and spread information about what can and cannot be recycled on the Sun Porch.
- Nick York, Secretary/Treasurer, deployed a new attendance and notes form.
- Pearl Jangjiravat, Raney Representative, helped Kate start composting in the Houses.
- Sophie Katz, Veasey Representative, held a Recycled Racers event with Residence Life.
- Zach Nickell, New Student Representative, spread recycling awareness among freshmen.
